## APPLE TEACHER PROGRAMME

As an Apple Regional Training Centre, we are committed to developing the use of Apple Technology in the classroom so that it can make a real impact on our children's learning.

Apple Teacher is a free professional learning programme designed to support and celebrate educators using Apple products for teaching and learning. You can build your skills on iPad, earn badges for the new things that you learn and eventually become accredited as an Apple Teacher.

This term we will deliver two sessions at OpenZone@TheWord which will help you start earning your Apple Teacher badges.

### Introduction To iPad

iPad opens up new ways to teach and learn. Out of the box, iPad is ready to help you do everyday things — and not-so-everyday things — in ways that are intuitive, simple and fun.

Come along and find out about all the built in functionality of iPad. How to use the camera, get the most from Safari browser, find out about the accessibility functions and so much more.

Tuesday 3rd March - 4.00 - 5.30

Openzone@TheWord

### Expected impact on schools - Participants will:

- Become confident in using iPad as a classroom tool to engage learning.
- Will be able to use iPad more confidently as a classroom tool.
- Be able to earn the first iPad badge as part of the Apple Teacher programme.

### iMovie for iPad

iMovie lets you create engaging and informative movies that tell stories. Create movies that include titles, music, and effects (now including green screen) — all with videos and photos taken on your iPad.

Tuesday 24th March - 4.00 - 5.30

Openzone@TheWord

### Expected impact on schools - Participants will:

- Become confident in using iMovie as a classroom tool to engage learning.
- Will be able to use iMovie to develop resources.
- Be able to earn the iMovie for iPad badge as part of the Apple Teacher programme.
