APPLE TEACHER PROGRAMME

As an Apple Regional Training Centre, we are committed to developing the use of Apple Technology in the classroom so that it can make a real impact on our children's learning.

This year through a professional learning programme, we will deliver a range of courses based around the Apple Teacher programme.

Apple Teacher is a free professional learning programme designed to support and celebrate educators using Apple products for teaching and learning. You can build your skills on iPad, earn badges for the new things that you learn and eventually become accredited as an Apple Teacher.

This term we will deliver three sessions which will help you earn some of your Apple Teacher badges.

Monkton Infants School are kindly hosting these sessions.

iMovie for iPad -

iMovie lets you create engaging and informative movies that tell stories. Create movies that include titles, music, and effects (now including green screen) – all with videos and photos taken on your iPad.

Wednesday 22nd January - 4.00 - 5.00

Expected impact on schools - Participants will:

- Become confident in using iMovie as a classroom tool to engage learning.
- Will be able to use iMovie to develop resources.
- Be able to earn the iMovie for iPad badge as part of the Apple Teacher programme.

Pages for iPad -

Bring words and ideas to life with Pages – a powerful word processing app that lets you create stunning documents and so much more. You can even make interactive books that readers can view on virtually any device.

Wednesday 12th February - 4.00 - 5.00

Expected impact on schools - Participants will:

- Become confident in using Pages as a classroom tool to engage learning.
- Will be able to use Pages for their own productivity.
- Be able to earn the Pages for iPad badge as part of the Apple Teacher programme.

Creativity With iPad -

iPad includes apps and features to support your creative process as you record, write, sketch and gather inspiration from others and the world around you.

Wednesday 11th March - 4.00 - 5.00

Expected impact on schools - Participants will:

- Be able to use multiple apps and features together in a connected workflow to create rich, engaging learning resources for pupils such as self-guided presentations and interactive books.
- Be able to earn the Creativity with iPad badge as part of the Apple Teacher programme.
