Year 6 teachers

### When:

Thursday 12th May 2022	16.00 - 17.30
Thursday 30th June 2022	16.00 - 17.30

## A Deep Dive Into Computing

The Ofsted deep dive is one of the key elements of the new Ofsted Inspection Framework's curriculum focus. This course explores what an Ofsted deep dive entails, the questions you are likely to be asked by the inspection team, what it looks like in practice, and how to prepare for it.

### Course objectives:

- To look at the priorities of a deep dive into Computing
- To consider the intent, implementation and impact of your school's Computing curriculum
- Audit the quality of the provision for Computing
- To be prepared for the questions that will be asked

### Expected impact on schools - Participants will:

A clear understanding of Ofsted's Deep Dive into Computing in Primary Schools

### Who is this course for?

Computing Subject Leaders

### When:

Tuesday 26th April 2022	16.00 - 17.30
