

St. Mary's Sixth Form Support Programmes Information

University support programmes have been running for a number of years and are one of the most well-established entry routes to higher education.

Support programmes offer you a range of support and opportunities to help you make a successful application to different universities.

Participating in support programmes can lead to you:

- Receiving a lower contextual offer to university.
- Attending academic summer schools and events.
- Developing skills necessary to be a successful student.
- Meeting other students and increase your confidence.
- Receiving support through the application process, on results day and after entering the university.

For every university's support programme, please do visit their website.

Before you complete your UCAS application, please check if you are eligible for a university's support programme.

Below are some of the support programmes at common universities of application.

Newcastle University

Partners Scheme

<https://www.ncl.ac.uk/partners/>

Northumbria University

NU Entry (Year 12 application)

Destination Northumbria (Year 13 application)
