Dear Parent/Carer,

Re: Revision Strategies and Support Virtual Session

I want to again express my thanks for all of the support you have shown over the course of the academic year as your child has progressed through Year 13.

As I am sure you will be aware, Year 13 is a challenging and important year for your child, and we are already beginning work to support students with their revision ahead of their examinations in the summer.

As part of this, I would like to invite parents/carers and students to a virtual talk on **revision strategies and support**. This will take place between 4.30pm to 5.00pm on **Wednesday 1st March 2023**. The virtual session will cover revision strategies including time management and planning revision along with subject specific advice. You will also have the opportunity to ask any questions you may have about Year 13 at St Mary's and the preparation students must do for their examinations.

The session will take place remotely via Teams and the link to access the session is below.

Please ensure that during the session your camera and microphone are turned off. There will be an opportunity at the end of the session for any general questions to be asked via the chat facility. If you have any specific questions regarding your child, please contact us via telephone following the session. As this session will take place virtually, it will be recorded and posted on the school website, for any parents/carers who are unable to join at the time.

We will continue to do all that we can to support your child here at school. If you do have any worries, concerns or questions, please do contact us here at school. Thank you for your ongoing help and support.

Kindest regards,

Miss H. Lamb
Head of Year 13
