Careers Evening "A Date With Your Future."

Dear Parents and Carers

It is with great pleasure that I am writing to invite your child to our Careers Evening – "A Date With Your Future," – which will be held in school on **Thursday 30th March from 3:30pm-5pm**. The event will be for students in Years 10-13. We hope that this evening will support our students preparing for their futures by providing them with an insight into a wide range of employment and study opportunities.

From 3:30pm, a careers marketplace will be available in the atrium for your child to explore, collect information, and to speak to a wide range of employers and educational institutions. Exhibitors are attending from across a range of higher and further education establishments, vocational and apprenticeship providers, public service sectors, medical fields, businesses and much more.

In addition, talks will be delivered throughout the evening, by a number of professionals. These will provide more detailed information about specific career and university opportunities. The talks will be repeated throughout the evening.

This is a fabulous opportunity to access information from the experts and I would encourage your child to attend and embrace this event. Further details about the evening will be shared with students closer to the time with a guide giving brief synopses of the exhibitors. This will help students to prepare any questions they may want to ask on the evening.

We would also like to invite any parents, carers, family relatives or members of our school community to attend the event representing a profession, career or educational pathway. Please contact myself or Mr Turnbull if you would like to volunteer to attend the event as a career representative.

We look forward to seeing your child at "A Date With Your Future". If you have any queries beforehand, please do not hesitate to contact us.

Yours sincerely

Miss Largue
Director for Student Support
