

Alternative Academic Qualification (AAQ)

Health & Social Care

Name: _____

Health and Social Care in the Media

It is important to have a **broad understanding** of health care and social issues which affect services and professionals working for the NHS. One way of raising your awareness is to **prepare you before your course** starts with summer learning using different forms of media.

Your task is to pick...

- 2 Films
- 1 Book
- 2 Documentaries

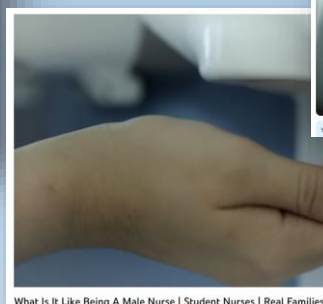

You are then tasked with writing a report which is to be a minimum of half an A4 page with the following title: **'Discuss the issues [in the film/book or documentary] and impact on health care provision'**

You must watch or read using examples on the previous slides or another media resource relevant to your learning.

Consider the following:

- What issues, if any, are being raised in the stimulus? E.g. dementia
- How does the stimulus present health? E.g. care for people with dementia
- Explain why the topic of the media source is relevant to your learning and whether you think it is helpful and why?

This list is NOT exhaustive there may be other questions/ideas you wish to consider as you watch or read – it would be lovely to share with us all.

GLOSSARY

Task: Research and define the following words which are words you will need to use correctly. Then, end column summarise the term visually to help you remember it.

Term	Definition	Pic/image/draw
Adolescence		
Advocate		
Attachment		
Care package		
Safeguarding		
Discrimination		
Diversity		
Empathy		
Ethical		

GLOSSARY

Term	Definition	Pic/image/draw
Person-centred care		
Care values		
Holistic Approach		
Multi-disciplinary team		
Physiology		
Health and care legislation		
Risk Assessment		
Meeting people's needs		
Self-Esteem
