

# Employment and Careers

Our Employment and Careers Programme helps students to understand the full range of opportunities available to them and to develop a clear sense of their next steps, so that they are fully prepared for life after Sixth Form. This includes our weekly Employer Experience events, where a variety of local and national employers visit the Sixth Form to run sessions on their industries, career routes and the skills young people need to succeed in the workplace.

Through our strong links with local employers and apprenticeship providers, students are regularly offered opportunities to explore future pathways, including a dedicated Careers Fair and Higher Education Fair held in school, work experience placements, and employer-led workshops and events both on and off site. We also run targeted apprenticeship support for interested students, providing regular one-to-one and small-group meetings to discuss applications, vacancies and next steps.

In addition, all students have access to appointments with an independent careers adviser, ensuring they receive impartial guidance tailored to their ambitions, strengths and interests.

## St Mary's Sixth Form
