

Key Words

Creator	Christians believe that God is the creator and should be worshipped
Creation	The Bible teaches us that when God looked at His creation He said it was good
Adam	The name Adam comes from the Hebrew word 'adama' meaning earth.
Eve	Eve comes from the Hebrew word 'chavah' meaning to breathe.
The Fall	This is the time when Adam and Eve go against what God said they should do
Forgive	The Bible shows that God wants to restore creation to how it was before the Fall through love and forgiveness

What can be learnt from the creation story?

Now...

I know that Christians and other people of faith, believe that God the Creator cares for creation and that includes human beings.

I can describe some ways that believers behave because they believe that God created the world (e.g. care for the world, worship God)

I can retell the creation story as found in *Genesis 1* and give my own thoughts about creation (Extension work would include *Genesis 2* and *3*)

I can raise questions about the world around me and discuss issues that cause people to wonder and to have faith
