

## Has your child received an autism diagnosis?

Join the National Autistic Society's EarlyBird Plus programme to understand more about autism and how you can support your child.

## **EarlyBird Plus programme**

Meet other parents and share experiences on our ten-week programme. Designed for parents of children aged from four to nine, we can help you understand autism and support your child, including:

- supporting interaction
- understanding sensory differences
- developing play
- · interpreting behaviour.

"EarlyBird Plus is an absolute must to help you begin to learn and understand how your child's mind works." **Parent** 

We encourage you to attend the sessions with a professional, such as a teaching assistant, who is working regularly with your child.

<b>(2)</b>	This is your local licensed EarlyBird Plus group leader, trained by the National Autistic Society.  Contact them for more information:
