

## OUR CORE VALUES

Throughout a child's journey with us we aim to support the development of the following core values:

A Growth Mind-set, believing that skills and abilities can be developed/improved through a positive attitude, effort, perseverance, persistence and by reflecting on and learning from setbacks.

Confidence in their own skills, strengths, and capabilities.

A sense of awe and wonder about the wider world around and beyond them.

Enthusiasm for learning.

Ways to communicate effectively with others.

Empathy and compassion.

A strong foundation of knowledge and skills.

An ability to think for themselves.

An ability to assess and take risks in all areas of learning.

An open mind in an ever-evolving world.

A sense of being part of a wider community embracing similarities and differences.

An awareness and understanding of a variety of emotions and how to effectively manage them.

Respect for themselves and each other.
