

FABULOUS FOOD SERVED IN A SAFE ENVIRONMENT

Independent Catering is delighted to be back providing your child with a freshly prepared meal at lunchtime and providing great food at great value.

We provide a safe eating environment for all pupils and have adapted COVID secure processes which follow government protocol.

We all know the importance of healthy eating to learning and our hot lunches provide, over the week, a nutritionally balanced meal which your children will love to eat.

We have adapted our menus to make sure our suppliers can meet demand, whilst making sure our teams can work safely.

We will reintroduce our standard menus in conjunction with our schools when safe to do so.

Please support your school caterer over the next few months!

PAYMENT

There is a cashless card system for purchasing food in school. Students have been issued with a contactless payment fob. Parents/Carers can set any limit they feel appropriate for their child to spend each day in the school dining room. Limits can be set for morning break and lunchtime if required - you can even see what your child is eating online.

DIETARY INFORMATION

If your child has any specific dietary requirements please discuss this with the school. All allergies are printed on the menu or held in our kitchens.

SAFETY FIRST
