### Book recommendation:

**All the things that could go wrong** - by Stewart Foster.

This book is wonderful, telling the story of a brave boy who fights his own battle with OCD. We would definitely recommend this book because it shows that hope can be found in the darkest of places.

Reading isn't important because it helps get you a job. It's important because it gives you room to exist beyond the reality you're given. Reading makes the world better. It is how humans merge. How minds connect. Dreams. Empathy. Understanding. Escape. Reading is love in action.
