

SHOWTIME BY CHARMAINE AND TAESHA

Showtime is a time where most of our students show their God given talents such as: singing, drama, music and dance.

Students in Showtime have got to work together and share their ideas with each other.

Ketty: "It was full of great talents and performances. Everyone could participate in dances and opening numbers."

"Everyone was treated equally no matter the quality of their performances. All performances were seen as wonderful."

Also the teachers of Cardinal Wiseman loved the show!

Ryan: "ShowTime was very lively and expressed how the student's talents were."

When you come to these big school performances there are no spare seats. The audience applauds and gasps at how wonderful they are. Students have that sense of 'suddenly, I am quite special. I've done something here.'

In Showtime, there are different dances such as: street dance, gymnastics, afro beat, contemporary dance and different songs such: as hip pop, rock, mash up,

African songs anything the pupil like to dance to.

Julia: "Great chance for our parents to be proud of us"

Mrs. Bailey: "I've never actually seen ShowTime but I think the feedback is phenomenal."

Head teacher (Mrs. Stewardson): "This year's Showtime was amazing and I loved the way the children put a lot of hard work into it. They tried their best and I was very impressed."

Overall, the show is an amazing spectacle and it encourages more people to be theatrical, develop their skills and their confidence.

So please if you have any hidden talents come and express yourself 😊 we expect a lot on people in 2018.
