

THE WISEMAN VIRTUES BY MUSADEQ

What are the Wiseman virtues?

The Wiseman virtues are a set of values we follow as a school. These values tie in with the Catholic ethos of the School, and Jesus' teachings.

The Wiseman Virtues are as follows:

- Attentive and Discerning
when you listen to everyone and focus in class.
- Loving and Compassionate
when you show someone your loving and caring to others.
- Faith-filled and hopeful
when you have faith in yourself, and you're hopeful for the future.
- Learned and wise
when you are keen to learning and wise with your studies.
- Intentional and prophetic
when you want to do something for someone else and following Jesus' teachings like the prophets.
- Generous and grateful
when you are generous and grateful for what you have.
- Curious and active
when you are curious in your studies, and taking an active role within the school.
- Eloquent and truthful
when you are trust worthy and don't tell lies.

What do they mean?

They are like school rules to our school that we have to follow and respect within school and outside of school. The school has created them because they tell students how to respect each other and follow the right path.

These also allow to follow Christ's teachings within the school.

How do you apply these rules?

We follow the rules like they are our actual school rules however we use them by being kind and respectful to each other's. Each half term there is a focus on different virtues. This term is attentive and discerning.

Last term the Virtues we were focusing on were "loving and compassionate", so all staff and pupils made an extra effort to show love and compassion to everyone. The teachers had a bowl with every teacher's name on it, they picked one name out and they did a kind thing for that person.

Interviews

What do you think of these virtues?

Mr. Hanley:" I think the Wiseman virtues are a way to ensure that the students at our school follow the rules, develop emotionally so that they can become the best version of themselves and follow in the footsteps of Cardinal Wiseman".

To conclude, the Wiseman Virtues make us all wiser people.
