

Monday 12th September 2022

Dear Parent/Carer(s),

During this period of mourning, following the announcement of the passing of Her Majesty Queen Elizabeth II, at Aldridge Education we have been marking the life of the nation's longest reigning monarch and paying our respect in several ways:

- Through whole school assemblies
- Through registration/class activities

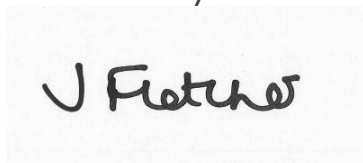

We will continue to show our respect over the coming days in a variety of ways:

- By keeping our students informed of national commemorative activities and participating in them where appropriate.
- Closing on the day of Her Majesty's state funeral on Monday 19th September 2022.

During this period of national grief, the wellbeing of our students remains our highest priority. If you are unsure of how to answer any questions your child may have or feel that your child has been adversely affected by the death of Her Majesty Queen Elizabeth II, please do not hesitate to contact your child's school who will be able to provide support.

Apart from the school closure on the day of Her Majesty's state funeral, the school will operate as normal unless your child's school informs you otherwise. Please join us in extending our deepest sympathies and condolences to his Majesty King Charles III and the Royal Family during this incredibly difficult and sad time.

Yours sincerely

Jane Fletcher
Chief Executive Officer Aldridge Education

Monica Duncan
Principal Duke's Aldridge Academy
