Dear Applicant,

RE: Teacher of Science

Thank you for expressing interest in the above vacancy we have here at Duke's Aldridge Academy.

Please find enclosed an application form and information about the post. I hope this provides the information that you need in order to decide whether to apply. If you would like any further information, do please contact Sajdah Salani, HR Advisor on sajdah.salani@aldridgeeducation.org

The academy enjoys a rich mix of culturally diverse students drawn from one of London's most ethnically vibrant wards. This socio-economic profile shields a positive and vital aspect of our academy's community. The academy's specialism is for the arts (English, Media and Art). The academy is fully integrated with the secondary base of the Vale Special Academy for children with physical disabilities and complex needs which share the campus and buildings.

Duke's Aldridge Academy is a member of the Aldridge Education family of academies. The link to the website is as follows: <http://aldridgeeducation.org/>

Duke's Aldridge Academy (formerly Northumberland Park Community School) was judged as 'good' in its last Ofsted inspection in November 2019. We have set ourselves the goal of moving from being good to being outstanding in all aspects.

Duke's Aldridge Academy places teaching and learning at the heart of everything we do and continuously supports and trains its teachers to become excellent. The academy has achieved a dramatic improvement in achievement over the past few years, breaking through the presumptions that social deprivation limits attainment. We intend to continue to raise achievement beyond national averages and that of academies whose children and families are in more fortunate circumstances, as for our children more than others, education and achievement is a vital basis for their future life chances.

When staff, students and families walk through our gates and onto our site, they belong to the Duke's Aldridge Academy. In this community, we build meaningful relationships based on trust and mutual respect. Our classrooms, corridors and the academy environment are safe spaces where nobody is judged and everyone is valued. Our ethos, driven by our commitment to Duke's values, is built on inclusion and our dedication to care for each member of our community as an individual. We put learning and learners first in every decision we make. We are proud of our academy and committed to supporting all staff and students to "be the best you can be".

Once appointed, we expect that all staff will continue with their professional development which emphasises teamwork and the sharing of good practice. Our programmes for trainees and NQTs are particularly strong and have been highly praised by HMI. Staff are valued highly, moral is high and there is strong recognition that all play an important role to enable our academy to succeed.

In completing your application please note the details of the application process and the closing date in the pack. If you have not heard from us by the interview date stated in the applicant's information sheet, I am sorry to say that your application will have been unsuccessful on this occasion.

If you feel that you have the necessary skills and commitment to work at Duke's and relish the opportunity to contribute and make a difference then I look forward to hearing from you.

Yours sincerely,

A handwritten signature in black ink that reads "M. Duncan". The signature is written in a cursive style and is underlined with a single horizontal stroke.

Our Mission

Inspire to Excel

Our Vision

Duke's Aldridge Academy provides an outstanding education within a vibrant community where the expectation is to excel. For each individual we promote achievement, success, strength of character, tolerance and a love for learning. We provide the support, challenge and breadth of experience which ensure our students become creative, resilient and successful adults.

Our Values

We are a values-driven organisation with a commitment to non-selective, inclusive schools providing children and young people with an exceptional educational experience.

We value:

- our students, their potential, their contributions and their aspirations
- the community we serve and its right to locally provided, high quality education
- the cultural diversity and richness of our community within the context of British Values
- academic rigour at all stages to create a learning environment that provides challenge, engagement and achievement
- respect, fairness, courtesy and the right to equality of opportunity as the entitlement of each member of the academy community
- 'professional integrity' and transparency
- our staff and their right to professional development and growth

SAFEGUARDING STRATEGY STATEMENT

Duke's Aldridge Academy Safeguarding Strategy forms a fundamental part of our approach to providing excellent pastoral care to all students. We believe that all students, regardless of age, special needs or disability, racial/cultural heritage, religious belief and sexual orientation have the right to protection from all types of harm and abuse.

The objective of the Safeguarding Strategy is to help keep our students safe by providing a safe environment for them and to educate them about keeping themselves safe.

The Safeguarding Strategy consists of:

1. Adridge Education Trust Safeguarding Policy
2. Duke's Aldridge Academy Procedures
3. Training to equip staff and volunteers to carry out their responsibilities in relation to safeguarding and promoting the welfare of students

The Safeguarding Strategy provides a clear framework within which individual academies will develop systems and local procedures to:

- Prevent unsuitable people working with children
- Identify students who are at risk of, and/or are likely to suffer significant harm and take appropriate action with the aim of making sure they are safe
- Record and share information appropriately
- Respond to allegations against staff and volunteers
- Promote safe practice and challenge poor and unsafe practice

Adherence to the Duke's Aldridge Academy Safeguarding Strategy is mandatory for **all** staff and volunteers.

We recognise that Safeguarding covers much more than child protection and so this strategy will operate in conjunction with related policies and procedures, such as effective whole academy policies on: health and safety, anti-bullying, behaviour management, IT and academy security.

Our approach to safeguarding is based on, and reflects the current principles recognised in UK legislation, including those around maintaining confidentiality and reporting concerns about students likely to suffer significant harm to the child protection agencies.

We are committed to working in partnership with parents; child protection agencies and diverse communities, to continuously develop and improve the Safeguarding Culture within our academy.

September 2019

Inspection of a good school: Duke's Aldridge

Trulock Road, Tottenham, London N17 0PG

Inspection dates:

5–6 November 2019

Outcome

Duke's Aldridge Academy continues to be a good school.

What is it like to attend this school?

Pupils, parents and carers, staff and governors work together to provide a safe and nurturing environment in the school. Everyone is 'inspired to excel'. Pupils are proud of their school. They like coming to school and appreciate the support and encouragement they receive.

Pupils behave well in lessons because teachers plan interesting activities and provide individual support. Teachers constantly check pupils' understanding, which helps keep pupils focused. Pupils told me that 'teachers encourage you to learn and want you to learn'. Pupils achieve particularly well in English, mathematics, science, modern foreign languages and humanities, which make up the EBacc qualification.

The headteacher and her committed staff have high expectations that pupils will succeed in every area of their lives, as well as academically. An example of this is the help given to pupils who join after the start of the school year, often with little knowledge of English. The school ensures that all pupils leave with qualifications in English and mathematics.

Pupils said that they feel safe at school and on their journeys to and from school. Pupils value staff supervision outside school at the end of the day. Pupils state that bullying is not a problem at school. If it did occur, they know who to talk to and said that it would be dealt with quickly.

What does the school do well and what does it need to do better?

Leaders ensure that there are well-designed plans for how each subject should be taught. Pupils are motivated to learn because teachers challenge and support them. Teachers use resources and thoughtful questioning to help pupils understand new ideas. Pupils stated that during lessons 'everyone was willing to learn'. Pupils' behaviour rarely disrupts learning.

Subject plans ensure that pupils know more and remember more. The plans show how pupils can apply their knowledge to different situations. For example, Year 11 pupils told us how the science experiments they had carried out in Year 10 helped them with this term's work. In a few subjects, such as English, leaders' plans are not carried out as successfully. Leaders have organised appropriate training and support to make the necessary improvements.

Leaders have not ensured that pupils have access to the full range of national curriculum subjects during Years 7 to 9. Leaders have recently reviewed this. They are putting plans in place so that all pupils study a broad range of subjects for as long as possible. A small proportion of pupils gain qualifications in the full range of EBacc subjects. However, the number of pupils studying humanities subjects and a modern foreign language in Years 9 and 10 is increasing.

Leaders are ambitious for pupils with special educational needs and/or disabilities (SEND). Most pupils with SEND follow the school's usual curriculum. Leaders identify pupils' needs accurately and check on their achievement. This means that pupils receive appropriate and timely support. Teachers receive the right information and training to help pupils with SEND to succeed.

Leaders and staff provide many opportunities for pupils to develop their character. Pupils told us about the valuable support they receive. For example, Year 7 pupils enjoy working with mentors discussing the move from primary to secondary school. Year 10 pupils told us how their work experience helped them to be more confident and ambitious. They said that it gave them the courage to seek further employment. Pupils explained how they add to the wall in 'purple lane'. This is a space which hosts events that support the many diverse aspects of life, such as LGBT. The wall displays the results of pupils' reflections and their inclusive attitudes.

Pupils' attendance is currently below the national average. Leaders support pupils to improve their attendance. They do this by involving pupils in programmes such as 'hit my target', by tracking attendance and asking for support from other agencies.

We noticed how respectful staff and pupils are towards each other. Pupils said that everyone was friendly and that during breaktimes the playground was 'tension-free'.

Safeguarding

The arrangements for safeguarding are effective.

Pupils, staff, parents and governors all agree that the school is a safe place to be. Staff are well trained and are aware of current safeguarding rules and regulations. Staff and pupils know how to report concerns. Leaders act straightaway to keep pupils safe.

Staff work with families when their children's attendance is low. They work with the local authority and other organisations to keep pupils safe.

Pupils are taught how to keep themselves safe online and out and about. For example, Year 7 watched a theatre presentation on road safety. Pupils told us it was a useful reminder about the dangers of using mobile phones as they cross roads.

What does the school need to do to improve?

(Information for the school and appropriate authority)

- Pupils do not achieve as well in a few subjects as they do in most. Leaders should continue their work to ensure that their plans for how subjects, such as English, should be taught are put into practice.
- Leaders should act on the findings of their curriculum review for key stage 3, so that pupils study a broad range of subjects for as long as possible.
- Some pupils need to attend school more regularly. Leaders need to continue their focus on reducing persistent absence and on increasing attendance. The newly introduced attendance monitoring system will support the work of leaders in this area.
- The school's curriculum is not sufficiently broad in Years 7 to 9. However, it is clear from the actions that leaders have already taken to plan next year's curriculum and the training staff are receiving that they are in the process of bringing this about.

Background

When we have judged a school to be good we will then normally go into the school about once every four years to confirm that the school remains good. This is called a section 8 inspection of a good school or non-exempt outstanding school. We do not give graded judgements on a section 8 inspection. However, if we find some evidence that the school could now be better than good or that standards may be declining, then the next inspection will be a section 5 inspection. Usually this is within one to two years of the date of the section 8 inspection. If we have serious concerns about safeguarding, behaviour or the quality of education, we will convert the section 8 inspection to a section 5 inspection immediately.

This is the second section 8 inspection since we judged the predecessor school, Northumberland Park Community School, to be good on 18–19 January 2012.

How can I feed back my views?

You can use [Ofsted Parent View](#) to give Ofsted your opinion on your child's school, or to find out what other parents and carers think. We use Ofsted Parent View information when deciding which schools to inspect, when to inspect them and as part of their inspection.

The Department for Education has further [guidance](#) on how to complain about a school.

If you are not happy with the inspection or the report, you can [complain to Ofsted](#).

Further information

You can search for [published performance information](#) about the school.

In the report, 'disadvantaged pupils' refers to those pupils who attract government pupil premium funding: pupils claiming free school meals at any point in the last six years and pupils in care or who left care through adoption or another formal route.

Information about this school

- Northumberland Park Community School converted to become an academy school on 1 September 2017. When its predecessor school, Northumberland Park Community School, was last inspected by Ofsted, it was judged to be good overall.
- The school does not currently send any of its pupils to alternative provision.

Information about this inspection

- We carried out this inspection under section 8 of the Education Act 2005. Inspectors held meetings with the headteacher, senior and subject leaders, the chief executive officer of the multi-academy trust, and governors.
- On the first day of the inspection, we did deep dives in these subjects: English, science, mathematics, geography and history. In each subject, we met with subject leaders, talked to pupils, visited lessons, spoke to teachers and looked at pupils' work.
- We considered the views of staff from two meetings with groups of staff and feedback from the Ofsted staff questionnaire.

SCIENCE FACULTY

SCIENCE

Ms H Shah

Director of Science

OVERVIEW

As a department we aim to enable all students to become analytical, creative and logical thinkers. We aim to provide a varied and interesting curriculum for all students. Above all we want our students to enjoy lessons and to ensure that success in Science helps them achieve their true potential as lifelong learners.

The development of scientific literacy and an awareness of Science in the news will enable our students to develop their critical thinking skills necessary for their future Science studies.

The courses of study are deliberately directed towards communication and creativity in order to give the students the opportunity to express and develop their own ideas. Students explore and evaluate their own understanding and we seek to equip them with the vocabulary to cope with the more challenging topics they will face as they progress as young scientists.

CURRICULUM

We have a four-year curriculum starting from Year 7, based on the pedagogic sequence and model: Teach, Revise, Assess and Reteach for each unit. Students are taught separate sciences in ability-based sets, with average class sizes ranging from 25 - 30.

There is an emphasis on developing literacy as well as practical skills for all students. At the end of each unit, students are assessed at least once formally under 'exam conditions.' Extended writing and regular assessment of class work and homework combines with the formal test to give a clear picture of progress.

There are exams for all year groups during the summer term and mock exams take place throughout the year.

At KS4 students are prepared for exams in Combined Trilogy Science or Separate Science (Biology, Chemistry and Physics).

Our results have been consistently high and improving. Work is adapted to meet the needs of all learners, including stretch and challenge for the most able and small groups and alternative qualifications for those requiring extra support.

Our results are testament to this ethos. Those students identified as being 'More Able' in Science are encouraged to take advantage of extra opportunities for deeper learning.

EXTRA-CURRICULAR ACTIVITIES

The department offers an extensive programme during Science week that includes exciting, fun and engaging practical activities and quizzes during lesson, registration and lunchtimes.

A range of educational visits have been organised for students to places such as the Science Museum. Students also have the opportunity to visit colleges/universities such as Cambridge University to experience university life.

There are regular revision sessions and assessment catch-up classes offered after school.

We have also built-up strong links with LAET Chrysalis East who run extra-curricular projects, lectures, masterclasses and specialist teaching.

“Science is fascinating because my teachers give 110% in making it really fun.”

TEACHERS' STANDARDS

PREAMBLE

Teachers make the education of their pupils their first concern, and are accountable for achieving the highest possible standards in work and conduct. Teachers act with honesty and integrity; have strong subject knowledge, keep their knowledge and skills as teachers up-to-date and are self-critical; forge positive professional relationships; and work with parents in the best interests of their pupils.

PART ONE: TEACHING

A teacher must:

1 Set high expectations which inspire, motivate and challenge pupils

- establish a safe and stimulating environment for pupils, rooted in mutual respect
- set goals that stretch and challenge pupils of all backgrounds, abilities and dispositions
- demonstrate consistently the positive attitudes, values and behaviour which are expected of pupils.

2 Promote good progress and outcomes by pupils

- be accountable for pupils' attainment, progress and outcomes
- be aware of pupils' capabilities and their prior knowledge, and plan teaching to build on these
- guide pupils to reflect on the progress they have made and their emerging needs
- demonstrate knowledge and understanding of how pupils learn and how this impacts on teaching
- encourage pupils to take a responsible and conscientious attitude to their own work and study.

3 Demonstrate good subject and curriculum knowledge

- have a secure knowledge of the relevant subject(s) and curriculum areas, foster and maintain pupils' interest in the subject, and address misunderstandings
- demonstrate a critical understanding of developments in the subject and curriculum areas, and promote the value of scholarship
- demonstrate an understanding of and take responsibility for promoting high standards of literacy, articulation and the correct use of standard English, whatever the teacher's specialist subject
- if teaching early reading, demonstrate a clear understanding of systematic synthetic phonics
- if teaching early mathematics, demonstrate a clear understanding of appropriate teaching strategies.

4 Plan and teach well structured lessons

- impart knowledge and develop understanding through effective use of lesson time
- promote a love of learning and children's intellectual curiosity
- set homework and plan other out-of-class activities to consolidate and extend the knowledge and understanding pupils have acquired
- reflect systematically on the effectiveness of lessons and approaches to teaching
- contribute to the design and provision of an engaging curriculum within the relevant subject area(s).

5 Adapt teaching to respond to the strengths and needs of all pupils

- know when and how to differentiate appropriately, using approaches which enable pupils to be taught effectively
- have a secure understanding of how a range of factors can inhibit pupils' ability to learn, and how best to overcome these
- demonstrate an awareness of the physical, social and intellectual development of children, and know how to adapt teaching to support pupils' education at different stages of development
- have a clear understanding of the needs of all pupils, including those with special educational needs; those of high ability; those with English as an additional language; those with disabilities; and be able to use and evaluate distinctive teaching approaches to engage and support them.

6 Make accurate and productive use of assessment

- know and understand how to assess the relevant subject and curriculum areas, including statutory assessment requirements
- make use of formative and summative assessment to secure pupils' progress
- use relevant data to monitor progress, set targets, and plan subsequent lessons
- give pupils regular feedback, both orally and through accurate marking, and encourage pupils to respond to the feedback.

7 Manage behaviour effectively to ensure a good and safe learning environment

- have clear rules and routines for behaviour in classrooms, and take responsibility for promoting good and courteous behaviour both in classrooms and around the school, in accordance with the school's behaviour policy
- have high expectations of behaviour, and establish a framework for discipline with a range of strategies, using praise, sanctions and rewards consistently and fairly
- manage classes effectively, using approaches which are appropriate to pupils' needs in order to involve and motivate them
- maintain good relationships with pupils, exercise appropriate authority, and act decisively when necessary.

8 Fulfil wider professional responsibilities

- make a positive contribution to the wider life and ethos of the school
- develop effective professional relationships with colleagues, knowing how and when to draw on advice and specialist support
- deploy support staff effectively
- take responsibility for improving teaching through appropriate professional development, responding to advice and feedback from colleagues
- communicate effectively with parents with regard to pupils' achievements and well-being.

PART TWO: PERSONAL AND PROFESSIONAL CONDUCT

A teacher is expected to demonstrate consistently high standards of personal and professional conduct. The following statements define the behaviour and attitudes which set the required standard for conduct throughout a teacher's career.

- Teachers uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school, by:
 - treating pupils with dignity, building relationships rooted in mutual respect, and at all times observing proper boundaries appropriate to a teacher's professional position
 - having regard for the need to safeguard pupils' well-being, in accordance with statutory provisions
 - showing tolerance of and respect for the rights of others
 - not undermining fundamental British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs
 - ensuring that personal beliefs are not expressed in ways which exploit pupils' vulnerability or might lead them to break the law.
- Teachers must have proper and professional regard for the ethos, policies and practices of the school in which they teach, and maintain high standards in their own attendance and punctuality.
- Teachers must have an understanding of, and always act within, the statutory frameworks which set out their professional duties and responsibilities.
