

## **Dunn Street Primary Local Offer**

### **Respective Responsibilities for Pupils with Special Educational Needs and/or Disabilities**

This Statement sets out, in summary form, the responsibilities of the school, Governors and the Local Authority when making sure that the additional needs of pupils who have been identified as having Special Educational Needs (SEN) are met in a way that works for the pupil without too many meetings and paperwork.

We accept that parents and carers need to feel confident that the school has systems in place which make it possible for us to offer a flexible range of provision which is able to meet the individual needs of each and every one of our pupils. Parents will be listened to, involved in decisions and respected. When children have additional needs and advice from outside agencies is needed, parents will want to be fully informed and involved; and need to trust the school to respond to any need as quickly as possible.

By law, the Local Authority has to publish the arrangements for SEN, and further details are available in the Local Authority Local Offer. All schools receive funding in their budget to allow them to provide for pupils with SEN, and have the freedom to make the necessary arrangements using existing staff; or look for advice and support from outside the school.

When a child has SEN and/or disability, the school and its Governing Body are required to fulfil the following duties. (Children and Families Bill 2013).

#### **Schools and Governors must ensure:**

- That they make strenuous efforts to make sure the necessary provision is put in place for any pupil who has SEN.
- That when the Head or a nominated Governor has been told by the Local Authority that a pupil has SEN, those needs are made known to everyone who is likely to teach or support that pupil.
- That teachers are aware of the importance of identifying and providing for any pupils who have SEN.
- That a pupil with SEN and/or a disability joins in the activities of the school together with other pupils, so far as is reasonably practical and, at the same time, allows the pupil to receive the special educational provision that the learning needs call for and there is efficient use of resources.
- That they report to parents on how the school's policy for pupils with SEN operates.
- That when the school feel that there is a need for additional training for staff, attempts will be made to put this in place.
- That the school will follow the guidance in the Code of Practice when carrying out its duties towards pupils with SEN.
- That the school will make sure that parents are informed of a decision by the school that SEN provision is being made for their child and, where appropriate, the pupil is involved in discussions about what is being put in place.

#### **Schools must:**

- Be aware that pupils with SEN will need additional support as they move

- between phases and prepare to be independent adults.
- Identify pupils who have SEN and make sure that they are provided for in line with the Code of Practice.
- Appoint a SENCO who is a qualified teacher.
- Invest in whole school training and targeted training for staff.
- Make sure that inclusive teaching and support is genuinely embedded in the school and that all teachers understand that they are “Teachers of SEN”.
- Provide information on school arrangements for SEN to parents and governors.
- Consider what may be needed for future pupils with a disability.

**Governors must:**

- Appoint an SEN Governor who will oversee the arrangements for SEN in the school.
- Know how many pupils in the school have SEN.
- Know how much money the school gets for SEN and make sure that budget arrangements are in place to let the school fulfil their duties to provide for the pupils who have SEN.
- Review and approve the SEN Policy.
- Monitor the expenditure on SEN.
- Monitor the progress of pupils with SEN and make sure the provision written in Statements and Single Plans are made.
- Make sure that SEN provision is part of the School Improvement Plan.
- Publish on the school website the SEN Policy and a description of the arrangements and specialist provisions made in school for pupils with SEN.
- Detail their arrangements for dealing with complaints from parents of children with SEN concerning the provision made at the school.

### **Local Offer for children with Special Educational Needs (SEN)**

We are an inclusive school who ensures that all pupils achieve their potential personally, socially, emotionally and academically in all areas of the curriculum (regardless of their gender, ethnicity, social background, religion, sexual identity, physical ability or educational needs). This document is intended to give you information regarding the ways in which we ensure we support all of our pupils, including those with SEN, in order that they can realise their potential. It may not list every skill, resource and technique we use in order to achieve this as these are continually developed and used to modify our provision to meet the changing requirements for individual pupils.

Children are identified as having SEN when their progress has slowed or stopped and the interventions; resources etc, put in place do not enable improvement. Once this occurs, we use specific need-based plans and pupil profiles which help support their development and speed up progress. Other useful documents such as our SEN and Inclusion policy are available on the school website. If you would like further information about what we offer here at Dunn Street Primary School then please do not hesitate to contact Mrs Clough (SENCo) directly on 0191 4836619 or email [kclough@dunnstreet.s-tyneside.sch.uk](mailto:kclough@dunnstreet.s-tyneside.sch.uk)

If you have any concerns about your child's SEN, progress or provision we would urge you to come into school and discuss matters further with your child's class teacher or the school SENCo. Although school complaints procedures are in place (copy available from school) we would always hope to resolve any issues or concerns informally by working in partnership with parents.
