

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Dunn Street Primary
Number of pupils in school	135 (R-Y6)
Proportion (%) of pupil premium eligible pupils	60%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2024
Date this statement was published	September 2021
Date on which it will be reviewed	Termly
Statement authorised by	
Pupil premium lead	Alison Burden
Governor / Trustee lead	

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£145,880
Recovery premium funding allocation this academic year	£10,730 (74 children)
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£156,610

Part A: Pupil premium strategy plan

Pupil Premium Intent:

- That gaps in the children's learning exacerbated by the Covid –19 pandemic are eradicated
- All children achieve at least as well as their peers nationally
- All children have opportunities and experiences to gain the knowledge and cultural capital they need to succeed in life.

Implementation

- Teaching – quality first teaching to ensure gaps in learning are identified and eradicated
- Targeted academic support – specific targeted support for the children who have the most significant gaps and/or who are not making expected progress
- Wider strategies – to support parents and children with attendance, wellbeing and emotional support

Impact

- Gaps in children's learning will closed as seen in formative and summative assessment
- Summative assessment shows children's achievement in line with their peers
- Children's and families well-being, engagement and emotional health are improved

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Gaps in the children's basic skills has increased due to the pandemic and the limited amount of remote learning children accessed
2	Our reception and KS1 children have significant speech and language needs
3	A large proportion of disadvantaged children are also SEN(17%)

4	Parents have a lack of understanding of how to support their children's reading and numeracy skills. Also limited knowledge, experience and understanding of supporting their children's emotional wellbeing.
5	Before the pandemic the majority of children have had limited experiences outside of their family homes. This has increased in the last 18 months

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Identified gaps in children's basic skills eradicated	The majority of children in each key stage will meet age related expectations. They will achieve identified end points in their curriculum and be ready for their next stage of learning
All children with identified speech and language needs have clear programs of intervention. These will delivered through high quality interventions	High quality speech and language programs being delivered as seen through monitoring. Speech and language assessments will show progress by the children being supported via these intervention
All SEN children have support plans that are SMART. Interventions for these children are delivered to a high standard. The curriculum is being successfully adapted and ambitious to meet their needs and develop skills, knowledge and understanding.	SEN children make progress and able to access and achieve with increasing fluency and independence the full curriculum
Parents and carers have increased knowledge, skills, understanding and confidence to support their children's academic and emotional challenges	Parents engage regularly with school and are able support their children academic and emotional wellbeing. They attend workshops and events and see themselves as their children's prime educators
Children have the opportunities to experience the wider curriculum and enhance their cultural capital	The curriculum is planned to include purposeful opportunities for the children to experience the wider curriculum both in and out of school

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 74,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Gap analysis completed by all class teachers and subject leads	EEF Guide to supporting school planning	1
Curriculum planning to ensure it is rooted in knowledge and skills that children need to succeed in later life.	NFER research 'The quality of teaching is the most important school-based factor affecting children's attainment, particularly for those from disadvantaged backgrounds.'	1
Quality first teaching to ensure all children able to gain knowledge skills and understanding of curriculum	NFER research 'The quality of teaching is the most important school-based factor affecting children's attainment, particularly for those from disadvantaged backgrounds.'	1
High quality speech and language interventions delivered through CPD delivered by speech therapist to support staff	EEF Guide to supporting school planning	2
All teachers have knowledge and understanding of their children's SEN needs and the teaching needed to overcome barriers to the children's learning.	DFE – Subject curriculum reviews	3
Specialist support from education psychologist to ensure children are	Sage journals – Psychology, learning and teaching July 21	3

receiving appropriate strategies and referrals are made to correct professionals		
CPD delivered by SENDCO and LA for teaching and support staff on evidence based interventions such as Lexia, Power of 1	EEF – A tiered approach to 2021	3

Targeted academic support for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 54,610

Activity	Evidence that supports this approach	Challenge number(s) addressed
Appropriate, high quality, targeted intervention delivered to meet individual and group needs	EEF research – targeted intervention ensures all children make progress and gain the appropriate knowledge, skills and understanding to be ready for their next stage in learning	1
Specialist speech and language intervention delivered by speech therapist	RCSLT(Royal College of speech and language therapists) – research documents impact of partnership working in schools	2
Speech and language intervention delivered by support staff trained by therapist	RCSLT(Royal College of speech and language therapists) – research documents impact of partnership working in schools	2
SENDCo supports and monitors support plans and the interventions undertaken by the children to ensure progress is made	EEF research – targeted intervention ensures all children make progress and gain the appropriate knowledge, skills and understanding to be ready for their next stage in learning	3

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 28,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
----------	--------------------------------------	-------------------------------

Parental curriculum workshops to increase knowledge and parental involvement in children's learning	EEF – Parental engagement	4
Curriculum to be planned to ensure opportunities for children to meaningfully experience wider curriculum. By Y6 at Dunn Street Primary we will have.....	EEF – tiered approach to 2021	5
Children to experience a wide range of extra-curricular opportunities such as sporting clubs, yoga, links with local library, community centre, Big Local	EEF – tiered approach to 2021	5
Family worker appointed to support parents in partnership with school to secure best outcomes for the children. This is in relation to academic and emotional wellbeing	EEF – Parental engagement	5

Total budgeted cost: £ 156,610

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

- Supported reading activities increased the children's confidence when approaching the test; this will be further developed in 2021-2022 through TA lead intervention sessions and guided reading sessions. In addition to this, Readingplus.co.uk will be used throughout KS2 to ensure further development in vocabulary, of reading speed and fluency and finally in comprehension. This will assist in improving the overall percentage of children attaining expected level in reading.
- To further assist in improving the overall percentage of children attaining expected level in maths Timttablesrockstars.co.uk will be used to develop speed and fluency in basic skills in 2021-2022.
- Continue with implemented strategies from last year but tailoring them to the needs of the PP children this year with respect to gaps in learning due to Covid- 19
- Intervention most effective when teachers and TA's worked collaboratively to respond to marking issues/ misconceptions from earlier learning in the day. In 2021-2022 TA's will also be able to deliver interventions to provide additional support, as a dedicated intervention team, focusing on their skills to provide tailored provision for children.
- Performance management targets for teacher and TAs will focus on intervention of significant groups and this will further address the gaps of both PP/non-PP children and will have a positive impact on attainment and progress.
- After school clubs vary termly and include both academic, physical and extra-curricular areas
- Curriculum "hooks" were not able to be provided through visits, visitors and high quality texts which would have led to high levels of engagement. This will continue 2021-2022.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
