28th January 2022

Dear Parents and Carers,

Headphones Required

Children are accessing online learning platforms in school and at times require headphones to listen to information. If your child has a spare pair of headphones, which you don't mind your child keeping at school and using for their personal use, could you please bring them into school with their name attached.

Due to the devices we use in school, only standard headphones/earphones, with a 3.5mm jack connector, as seen in the image, can be used. Bluetooth headphones and lightning connector headphones, such as you get with newer models of Apple iPhones, will not work.

Unfortunately, we are unable to accept responsibility for loss or damage to any items brought into school.

Reading Books, Magazines and Comics- we need you!

To support our school project, 'Reading for Pleasure', we will be creating 'Book Swap' areas in school for children to swap reading books, magazines and comics to read at home and in school. IF you have any donations to support us, please feel free to bring them to the main office.

Yours Sincerely,

A Burden

Alison Burden
Executive Head Teacher
