# Why study Geography?

**It is a collection of other subjects at GCSE:**

**Politics**

**Economics**

**Geology**

**Sociology**

**International relations**

**Environmental Science**

**It will enable you to achieve the Ebacc as part of their Key Stage 4 education. It is a solid academic subject and well respected by universities and employers alike.**

Also, because of its combination of links to other subjects, Geography is not only a popular University choice, it's also one of the highest subjects for employability after University compared to all other subjects.

# What subject(s) does Geography go well with?

All of them! Geography goes well with the Sciences and Mathematics as well as the Humanities, Languages and Arts. It is very flexible in terms of what it can be combined with both at GCSE and A Level.

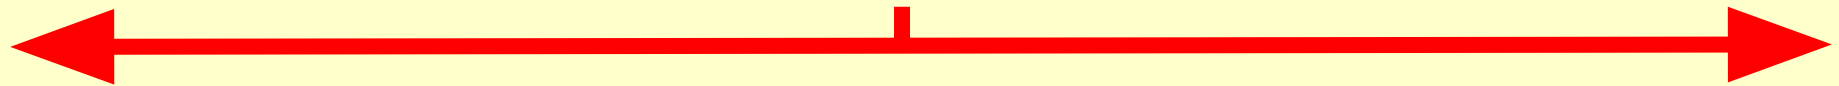

Geography keeps your options open.
