

## Parent / Carer Signature

This Acceptable Use Agreement is intended to help share the importance that the school places on keeping children safe regarding online safety. It intends to encourage parents/carers to be involved in their child's online safety education, including encouraging transparent behaviour, critical thinking, and reporting.

The school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and computing systems.

The school will actively encourage children to think critically about content and communication from others and develop strategies for recognising inappropriate content/behaviours and how to deal with them. In return, the school expects the children to demonstrate that they are always responsible users of digital technologies.

We ask that parents support us by looking at the e-safety information provided on the school website and promoting good behaviour regarding the use of technology. This includes appropriate use of social media such as 'Whatsapp', 'Facebook' and 'Instagram' as well as online gaming platforms.

## Permission Access

By signing below, you agree to allow your child access to the school's internet and ICT systems. This also includes any educational subscription services whereby the school will comply with GDPR regulations at all times. You are also aware that your child has signed/agreed to the school's Acceptable Use Agreement for pupils.

Signed (parent/carers)
