

## Edward Peake Church of England Middle School

**Textiles**

**Topic: Hand sewing skills**

**Year: 5**

What should I already know?

- That sewing is used to join pieces of material together.
- That a needle and thread are used for sewing.
- How to do cross stitch and/or running stitch.
- That different products are made from a range of different materials.

What will know by the end of the unit?

- How to work safely in the textiles room.
- How to use existing felt key rings to help come up with ideas.
- How to produce design ideas.
- What felt is and the properties that make it suitable for the keyring.
- How to follow a set of instructions to make the felt keyring.
- How to use a pattern to mark out the keyring and position the embellishments.
- How to thread a needle.
- How to join two pieces of felt together with thread.
- How to use a range of different stitches to add embellishments.
- How to use smaller pieces of felt, buttons and ribbon to add embellishments.
- How to finish off a row of stitches.
- How to evaluate a finished product.

### Vocabulary

Function	What a product does.
Appearance	What something looks like.
Embellishment	A decorative detail to improve the look of something.
Accuracy	How close to being correct something is.
Design Brief	An explanation of what the project should do.
Evaluation	A review of how things have gone.
Prototype	The first version of something to check whether any changes need to be made.
Pattern	A guide that gives you the correct sizes and positioning of things.

# Edward Peake Church of England Middle School

Textiles

Topic: Hand sewing skills

Year: 5

## Starting and finishing off

### Starting

Tie a knot in the thread and thread your needle.

### Finishing Off

Pass the needle through the loop and pull the thread to tighten the knot.

## Key information

- Thread is used to join two pieces of fabric together.
- A prototype is the first version of something, to see if any changes need to be made.
- A pattern is used to transfer the correct sizes and positioning of embellishments onto the fabric.
- Embellishments can be added to a product using different stitches, buttons, ribbon and buttons.
- Pins are used to hold fabric in place until they are stitched.

## Different Types of Stitches

### Stitches used for joining two pieces of felt together.

Whip stitch

Blanket Stitch

Running Stitch

Laced Running Stitch

Chain Stitch

### Stitches used for embellishment.

(Embellishment— a decorative detail to improve the look of something.)

Cross stitch

Buttons, ribbons and sequins are all other methods of embellishment.

## Investigation tasks

1. Can you make a sampler using different stitches?
2. Can you make a guide showing how to sew different stitches?
3. Investigate how different fabric products are made.
4. Investigate new fabrics that are environmentally friendly and write up your findings.
