Peer Pressure

Peer pressure is usually when people the same age as you say or do something to you that makes you feel like you must do or say that thing too.

Negative Peer Pressure

This type of peer pressure can make us do things we don't want to do or that may not be safe.

Positive Peer Pressure

Sometimes people the same age as you, friends, classmates or teammates will encourage you to do things that are good they may help you with an activity or help boost your confidence by encouraging you to take part.

Communication

Interpersonal skills are the life skills we use every day to communicate and interact with other people and in groups

How do we communicate with others? Examples:

Our confidence
Our ability to listen and understand
Problem solving
Decision making
Personal stress management

Online Behaviour and the Law

The Computer Misuse Act 1990

Says that you can't impersonate or steal someone else's identity online. This means that writing a status on social media pretending to be your friend is technically against the law as is creating fake profiles or websites.

It is a criminal offence under the **Communications Act 2003** to send messages using any public electronic communications network, such as Twitter or Facebook, which are grossly offensive or of an indecent, obscene or menacing character.

It is a criminal offence under the **Criminal Justice and Courts Act 2015** for someone to disclose private sexual images of you online or offline without your consent with the effect of causing you distress.

Social Media

Define: WhatsApp

WhatsApp is a messenger app for smartphones. WhatsApp uses the internet to send messages, images, audio or video. The service is very similar to text messaging services, however, because WhatsApp uses the internet to send messages, the cost of using WhatsApp is significantly less than texting.

Define: YouTube

YouTube is a video sharing service where users can watch, like, share, comment and upload their own videos. Users can search for and watch videos. Create a personal YouTube channel. Upload videos to your channel. Like/Comment/share other YouTube videos. Users can subscribe/follow other YouTube channels and users. Create playlists to organize videos and group videos together

Define: Twitter

Twitter is known as a micro-blogging site. Blogging has been around for some time. Usually blogging consists of people setting up basic websites where they write about whatever they want, whether it be politics, sport, cooking, fashion etc. Posting a message is known as a tweet. People make connections by following other people's twitter feeds. Once you click follow, anything that person or organisation says will appear on your timeline.

Define: TBH

short for To Be Honest — is a polling app that lets your friends answer questions anonymously. Essentially it is a big popularity contest, where people received "gems" when they are picked in a poll.

Define: Facebook

Facebook is a website which allows users, who sign-up for free profiles, to connect with friends, work colleagues or people they don't know, online. It allows users to share pictures, music, videos, and articles, as well as their own thoughts and opinions with however many people they like.

Define: Snapchat

Snapchat is a mobile messaging application used to share photos, videos, text, and drawings. It's free to download the app and free to send messages using it. There is one feature that makes Snapchat different from other forms of texting and photo sharing: the messages disappear from the recipient's phone after a few seconds.

Define: Instagram

At its most basic, Instagram is a social networking app which allows its users to share pictures and videos with their friends. Once a user snaps a picture, Instagram filters – of which there are dozens – can transform images in a manner reminiscent of old-fashioned Polaroid prints.

Define: TikTok (formerly Musical.ly)

TikTok is an app for creating, sharing and discovering short music videos (15 sec), think Karaoke for the digital age. It is used by young people as an outlet to express themselves through singing, dancing, comedy, and lip-synching.

Social media sites or apps used by children (12- 15) in the UK in 2018

Age Restrictions On Social Media

These are in the websites terms and conditions and are not legal restrictions.

Social Media

Websites and apps that enable users to create and share content or to participate in social networking
