7 January 2022

Dear Parent/Carer

Year 6 Food Technology

Your child will shortly begin their Food Technology course. A requirement of the course is to undertake practical activities involving food.

Please find attached with this letter details of ingredients that will be needed for their lessons to allow sufficient time for shopping. If there are any problems in providing ingredients, please contact your child's food technology teacher by email or telephone so alternative arrangements can be made. Please give the school 48 hours' notice.

Please provide a plastic box, clearly labelled with your child's name and class, for them to carry their food home. This year due to the current guidelines relating to the pandemic, we ask that pupils please bring in an apron or something that could be used as an equivalent, for example; an old shirt clearly named. This will then need to be taken home and washed before the next lesson.

Please complete the google form on the following link to acknowledge receipt of this letter and to indicate whether your child suffers from any allergies.
