19 January 2022

Dear Parent/Carer

Year 7 Science Museum Educational Trip

As part of the ongoing studies in science, on Thursday 3 March 2022 Year 7 will be going on a one day educational visit to the Science Museum in London. This is planned to be an educational visit as well as an 'interesting' day out to support their wellbeing.

First, we will visit The Equinor Gallery, followed by the Wonderlab where pupils will be able to carry out various experiments while supervised by school staff and trained museum educators. This will be followed by lunch, then on to the IMAX 3D Cinema adjacent, to view life in Antarctica.

Your child will need to be at school by 7:45am for an 8:00am departure with the aim of arriving at our destination between 10:00 – 10:30am. We will be departing London at 3:00pm to arrive back at school 4:30 - 5:00pm.

Pupils will need to wear school uniform including a jumper and a coat although in this case they may wear their school shoes or trainers. Please provide your child with a packed lunch in a disposable container; with additional snacks and water. If your child receives free school meals, please select this on google consent form and a packed lunch will be provided.

We kindly request a voluntary contribution of £22.00 per child to cover the hire of the coaches. Payments can be made online through the school gateway by Tuesday 1 February. Please note that if insufficient payments are made the visit may be cancelled. If finance is a concern, please contact the school without delay.

Please note, mobile phones or electronic gadgets are **not** to be taken on this educational trip.

Travel sickness medication is to be administered for the outward journey, for any additional medication (excluding inhalers) that may need to be administered during the trip you will be required to complete a medical form. Any medication (excluding inhalers) will then need to be handed to the group leader on the morning of the visit.

Please complete the google consent form via the following link -
