UTW/Expressive Art

We will explore the natural world and how it changes. We will be planting lots of fruit, vegetables and flowers. We will be learning how to look after these in order that they grow. The children will use a variety of media to explore colour, shape and texture. We will be visiting Coombe Park to explore wildlife and use our gross motor skills. We will share songs and rhymes as well as exploring the sacrament of marriage in our RE sessions. During the second half of the term, we will be looking at where we live and different places around the world. We will cover all these learning objectives through the use of stories and information books, rhymes and songs, exploring the outside environment and visiting local places of interest. We will also, as always, focus on the topics that the children have a personal interest in.

Thank you for all of your support, we look forward to working with you for the final term.
