Career in Tech? Taster Event for School Leavers with ACCENTURE

Finished school or college, seeking a career in tech but not sure where to start? Join Accenture's Tech Taster event.

We are Accenture. You may not know our name, but you'll know the many organisations we work with to help make them slicker, faster and more efficient. As one of the world's leading consulting and technology organisations, we work across businesses, industries, charities and governments. Whether it's delivering a world-class App for sporting events, creating a high-speed messaging service for a financial institution or, building a digital platform for the world's largest music company, we're innovators in everything we do.

It's time to discover our Tech Taster event:

Our 5-day Tech Taster event has been designed to give people, who are interested in a career in technology, industry work experience and help enhance their employability skills, enabling them to be more confident and prepared for the working world. Attendees will gain invaluable insight by collaboratively working on a 'real life' tech project with mentors and develop a series of soft skills through sessions that will aid their professional development.

The event will take place from Monday 13th May – Friday 17th May, from 9am to 5.30pm at a venue close to London Liverpool Street. Travel costs will be reimbursed, and breakfast and lunch will be provided throughout the event.

We are looking for people who are currently not in education or training, and either unemployed or seeking alternative employment opportunities. Candidates will also need to have achieved 200 UCAS points (80 points under the 2017 UCAS Tariff) from a Level 3 qualifications (e.g. A levels, BTEC) and have GCSE Maths and English at C grade or above.

At the end of the programme those who are a good fit for Accenture will be fast-tracked through our Technology Apprenticeship recruitment process.

Don't miss out on this fantastic opportunity! Find out more and apply here http://purepotential-mail.org/_act/link.php?mId=P9283327479820789753414946454118&tId=176244501. The deadline for applications is Sunday 28th April 2019.

Please see our website - http://purepotential-mail.org/_act/link.php?mId=P9283327479820789753414946454118&tId=176244503 for additional information about Accenture.

DMUaspire Summer School

The DMUaspire programme will take place on Monday 1 July to Friday 5 July for Year 12 (and equivalent) students. This is a five day non-residential summer school which gives students a complete university experience in a week of engaging activities.

DMUaspire will particularly benefit students who may just miss out on the academic grades to study at university or who have the capability of going into higher education but face social and/or economic barriers.

Upon successful completion of DMUaspire, students will be eligible for a reduction of 16 UCAS points towards an undergraduate degree at DMU.

Applications are now open and students will need to apply independently through our online application portal: <https://www.dmu.ac.uk/study/dmuaspire/dmuaspire.aspx>

We have 100 spaces available, however we do imagine it will be popular, so we encourage students to take their time filling in the personal statement section on their application.

DMUaspire is completely free of charge, lunch will be included and travel costs incurred via public transport can be reimbursed.

For more information, please ask at the Post 16 Office.

If you have any questions, please don't hesitate to get in touch with the Widening Participation Team.

T: 0116 2 57 7102
