Advanced Manufacturing and Engineering Careers Event

Have you considered a career within Advanced Manufacturing and Engineering?

To raise awareness of these fantastic opportunities we would like to offer you the chance to listen to professionals from this sector talk about their career. You will get to hear first-hand about some of the amazing projects that they have worked on and understand further the many different careers available in this sector. You will also get the chance to speak directly to employers who are offering apprenticeship opportunities!

To Book a Place:

If you would like to attend this event please contact Ajada.Bridges- Matthew@leics-ebc.org.uk to reserve a place, parents welcome!

Date: Tuesday 2 July 2019

Location: LEBC, 30 Frog Island, Off North Bridge Place, Leicester, LE3 5AG

Time: 6pm – 7.15pm (Please arrive promptly)

Free car parking is available onsite.

Excited by Space, Innovation, and Technology?

Lockheed Martin UK (who build satellites) provide funding for 12 students (aged 13-18) to attend a week-long Space Residential Programme to learn about space careers! Budding astronauts, scientists and engineers will get involved in practical activities; simulation exercises; and attend lectures on subjects from physics and astronomy; to engineering and astronautics.

To apply, complete the form on: <https://www2.le.ac.uk/departments/physics/outreach/space-school-forms/lockheed-martin-uk-space-school-sponsorship-opportunity>.

Application closing date is midday, 26 June 2019.
