Help With Reading – Year 7

The Reading Academy desperately need some more recruits from Post 16 to help support weak readers in Year 7 during their library lessons.

Here is when they are needed:

Week 1 - Monday P3

Tuesday P1 & P3

Wednesday P1

Thursday P2 & P3

Friday P1 & P3

Week 2 - Monday P5

Tuesday P1 & P5

Thursday P1, P2 & P3

Friday P1, P2 & P3

If you are interested can you please speak to Mrs Griffiths, the librarian, in The Compass, or Ms Masih in the English Department.

Unexpected Apprenticeships

Apprenticeships at Dstl

We're looking for tomorrow's experts to join our apprentice schemes. Gain a nationally recognised qualification and learn new skills that will help us keep the country safe – all while earning a salary.

You'll find a range of courses at different levels, from level 2 administration apprenticeships to degree-level apprenticeships in Science and Technology. Each one is very different but all involve a mix of classroom and hands-on learning.

For ambitious, motivated and curious apprentices, it's the chance to work on mind-blowing projects in a truly unique environment.

Data Science Degree Apprentice

Digital Technical Solutions – Data Analyst Degree Apprentice

Embedded Electronic Systems Design and Development Degree Apprentice

Ordnance, Munitions & Explosives (OME) Degree Apprentice

Technical Apprentice (Electronic)

Associate Project Manager Apprentice

Administrative Support Apprentice

13 January 2020

If you can see yourself in any of these roles, apply now. Take advantage of a unique apprenticeship that'll lead to a unique career.

Apply now at: <https://venturemarketing-group.co.uk/1RRK-6MWFZ-RC4O7R-3VXUVM-1/c.aspx>

Medical Awards Programme – Years 12 & 13

Every student considering a career in medicine, dentistry and veterinary medicine should be enrolled because:

1. It puts your students in the running for a £12,000 university scholarship
2. It helps students to focus their efforts and achievements
3. It is an impressive medically relevant Award to have on their CVs
4. It increases their chances of getting into medical, dental and vet school
5. It makes the process more fun and less stressful!

The Awards Programme offers a nationally streamlined process for students to pursue these highly competitive careers and gives them direct access to doctors, dentists and vets who act as Mentors and Award Supervisors. This levels the playing field for students from all stages and financial backgrounds, as well as standardises careers advice delivered through schools across the UK. The scholarships are purely merit based and are NOT means tested, making them accessible to all students. Every student who completes their Gold Award automatically qualifies for interview and scholarship shortlisting.

You can download the flyer at this link: <https://medicmentor.co.uk/wp-content/uploads/2019/07/Awardsflyer2019-2.pdf>

We encourage students to enrol on the Awards Programme independently at this weblink: <https://medicmentor.co.uk/medic-mentor-awards-programme/>

ETON COLLEGE UNIVERSITY SUMMER SCHOOL 2020

The Eton College University Summer School was established in 1982 as a ten day residential course for pupils who have just completed year 12 and are contemplating entry to university in 2021.

If you are interested in the Eton Summer School, applicants should have the intention of applying for a place at a well ranked UK university; many of the students apply for either Oxford, Cambridge and other Russell Group Universities. As far as possible the course supplements normal school work and avoids the topics covered during Advanced Level and IB Teaching. The aim is to provide an intensive and exciting programme to enrich the intellectual experience of those participating and to give them the opportunity to exchange ideas with able students with similar interests from other schools.

Further information can be obtained on the Eton College website <http://www.etoncollege.com/>

National Healthcare Weekend

Medic Mentor is a national medical organisation responsible for running the largest medical scholarship and awards programme for secondary school students in the UK. Our network of Medics mentor aspiring medics, dentists and vets from schools nationwide. With our help many have successfully gained university offers. The first step for students is to attend one of 40 National Healthcare conferences that take place across the UK. Please find these details below.

National Healthcare Weekend - Doctors, dentists and vets will provide invaluable insight and network with your students.

Day 1: Insight into Medicine, Dentistry or Veterinary

14 unique talks for each speciality looking at experiences from A Levels, throughout university and leading to life as a fully qualified professional.

Day 2: Medicine only UCAS Lectures

A full day of lectures covering work experience, personal statements, interview techniques etc, led by our team of doctors.

Upcoming Venues and dates:

London 11th and 12th January 2020

Oxford 18th and 19th January 2020

London 1st and 2nd February (FULL) 2020

Birmingham 15th and 16th February 2020

Hertfordshire 29th February and 1st March 2020

You can download the flyer at this link: <https://medicmentor.co.uk/wp-content/uploads/2020/01/NHWFlyer2020.pdf>

Registration starts at £25. Students from low-income backgrounds can apply to attend for free, and teachers can attend for free. Students can register and find out more information here: <https://medicmentor.co.uk/national-healthcare-weekend/>
