DMU Pharmacy and Forensic Experience Day - 28th January

We're starting 2020 with a bang (not literally!) with our Pharmacy and Forensic Science experience day on Tuesday 28th January.

This is a fantastic opportunity for your students to experience what it's like to study on one of these fantastic courses. They will attend three different subjects, covering a broad range of different activities and demonstrations, giving them an insight into some of the subject matter on these courses.

This free event has been designed to give your students the information they need to make informed decisions when it comes to their UCAS application

and university choices.

More information can be found here: <https://www.dmu.ac.uk/information-for-teachers/activities/2020-01-forensics-pharmacy-taster.aspx>

Students are welcome to attend on their own using the booking form: <https://www.dmu.ac.uk/information-for-teachers/activities/2020-01-forensics-pharmacy-taster-webform.aspx>

Lunch will be provided in our on-campus Food Village which serves both hot and cold food and suits most dietary requirements and preferences.

Scholarships now available - see below

Where could a career in Finance, Economics or Law take your students? Prospects together with Shaw Trust offers Year 11–13 students the unique opportunity to gain insights into career areas that are traditionally hard to access. Through our established links with prestigious employers and institutions, we have a limited number of places for the February sessions of Careers in Practice. These two-day intensive courses cover careers in the Finance and Economics sectors or the Legal profession. The programmes aim to provide students with the opportunity to learn first-hand about careers, gaining practical experience to improve their knowledge, and their chance of university selection and interview. Over the two days, students will get:

- A valuable and varied experience
- Access to leading organisations
- First hand, accurate and up to date careers and labour market information
- Presentations from professionals in their workplace.
- Specialist and practical careers advice covering personal statements and CV preparation
- Build up a network with other like-minded students.

Prospects and Shaw Trust City Careers Scholarships

Many of the professions included in the Prospects and Shaw Trust Careers in Practice programmes are working to overcome a lack of diversity and social mobility in their fields. The scholarship has been created to ensure that young people from all backgrounds have an opportunity to find out more about City based careers that they may not have previously considered.

27 January 2020

There are limited places for fully paid scholarships for young people who would benefit from the opportunities provided by Careers in Practice, see below:

Prospects and Shaw Trust City Careers Scholarship criteria and application process

Students applying for the scholarship must attend state school, college or academy, in addition to meeting at least one of the following criteria:

Live in one of the 100 most deprived wards in London and the South East.

Eligible for free school meals.
