Research Participation at University of Leicester

The European Horizon 2020 DigiGen research project, part of which investigates ICT and civic participation, is seeking 16-18 year olds interested in participating in a virtual digital storytelling workshop in June 2021. As well as learning new skills, you will have the opportunity to have your voice heard on issues surrounding the ways you use technology.

More about the DigiGen project can be read on the general DigiGen site
