Experience student life in the City of London with LIBF, 31 August – 2 September 2021

Our Summer University is a three-day non-residential programme for students who are thinking about a career in financial services and are interested in studying related subjects at university. Summer University will give you an insight into the world of banking and finance. It will also introduce the various career paths available to you within financial services, and can help you think about whether a career in these areas is right for you.

Over three days, you will take part in a variety of workshops, talks and lectures led by experts that already work in the industry. There will also be a number of social activities to introduce you to our staff and students, and to give you a taste of student life with us in the heart of the City.
