Live Virtual NHS Work Experience for Allied Health Careers – 6 June 2021

As you know some of your students are participating in our Virtual NHS work experience for allied health careers such as:

Nursing
Midwifery
Paramedicine
Physiotherapy
Occupational Therapy
Dietetics
Radiography
Prosthetics and orthotics
Speech and language therapy
Osteopathy
Pharmacy and now includes
Podiatry too!

This programme is available to support all of your aspiring healthcare students as an alternative to in-person NHS work experience during the pandemic. Please inform your students who are interested in the NHS Allied Healthcare Professions.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. Students will observe the healthcare professionals as they interact with the patients and and also each other. Students will have an opportunity to ask questions and gain knowledge through teaching. This will help students to make an informed career decision as well as learn about how healthcare professionals work together as part of a multidisciplinary team. Each work experience day is completely different and students will be able to build on their knowledge of NHS careers as they see different patient cases and their healthcare professionals work in a variety of settings, such as hospital and community.

You can learn more and your students can register for the programme here:

<https://alliedhealthmentor.org/nhs-healthcare-careers-virtual-work-experience/>

Students will receive certificates as evidence of having participated in the work experience programme. Students can register individually through the website link above. Places are just £10 a day to cover administrative costs and run the tech on the day. If schools wish to register students onto the programme, you can do this via the website, and if you require assistance please email admin@medicmentor.org

You can also download the flyer at this link: <https://alliedhealthmentor.org/wp-content/uploads/2020/12/NHSHealthcareCareersLiveVirtualWorkExperience.pdf>

Launching AI in Healthcare Summer Program by MIT Graduates

AI Scholars Live Online is a 10-session (25 hours) pre-college enrichment program that exposes high school students (grades 9-12) to the fundamentals of artificial intelligence and guides them to build a socially impactful project in areas including medicine, astronomy, journalism, finance, and more.

Taught by our team of graduate students from Stanford and MIT, students receive a personalized, interdisciplinary learning experience with a student-teacher ratio of 4:1. We offer multiple dates and times for our Spring Semester and Summer Break programs.

Students of all backgrounds may apply here: <https://inspiritai.us7.list-manage.com/track/click?u=adb5dd61e279b64ba8ffbf4ba&id=1acef81f28&e=0104e6138b> (inspiritai.com/apply) by 20 May 2021 for Summer and learn more in our brochure or on our website (see here for middle school offerings). Please contact Aidan Goltra at arg2198@columbia.edu with any questions.
