

June 2021

Careers NEWSLETTER

Welcome to the June Careers Newsletter

We are now entering the final part of the summer term and our year 11 and 13 students have now finished their studies. Many will have already secured places at college and universities. If you still need help with this, please get in touch with Mrs Gillespie and she can support you.

Year 10 students will now be starting to think about their future plans for after year 11. If you are in year 10 you may be asked to come for a careers interview this term, to enable you to start to think about your career ideas. However, any student in any year group can request an interview, so please contact Mrs Gillespie if you would like one.

Online STEM event

Loughborough University
12th – 19th July 2021

This event is open to Years 9, 10 and 11, and will feature STEM (Science, Technology, Engineering and Maths) taster sessions, talks from successful women in various STEM careers, and guidance on researching future options. Also, students can explore what university life is like with our virtual campus tours and related videos, and have the chance to talk to our students live on the webchats!

- Working 37.5 hours per week
- Attending Leicester College once a week for formal qualification.
- Closing Date 28th June 2021

Applications can be made through <https://www.apprenticeships.gov.uk/apprentices/browse-apprenticeships> or by sending a CV and cover letter to Deana.White@nylacast.com or Clare Gregory Clare.Gregory@nylacast.com

Local Labour Market

Information for students and parents

If you are starting to career plan, it is helpful to be more aware of the broad range of different roles across sectors of work, and any work trends. The Covid-19 lockdown has affected both the local and global world of work and we still do not know the long term impact.

Leicester and Leicestershire have some large businesses with a base here, such as IBM, Amazon, Hastings Direct, Next, 3M, Caterpillar, Triumph, Dunelm, Santander and Samworth Brothers. Along with well-known names, there are thousands of micro, small, and medium sized employers, who may have career opportunities.

The World of Work Guide has been produced to help students to be more aware of potential local opportunities.
