Nottingham Summer Schools 2022

The Nottingham Summer Schools will support your students to:

- experience life at a leading university
- try out a range of course options related to their interests
- develop focus and motivation for the remainder of their post-16 studies
- access support through the UCAS process
- earn a contextual offer (up to 2 grades lower) and a bursary (£1000 per year) for study at Nottingham!

This experience is more important than ever to help students reach their potential and progress to a top university. We have explained how the summer school works, the benefits and how to apply in this helpful recorded presentation. Please do circulate this to your year 12 cohort. The attached digital leaflet may also be useful. Applications are now open until 9th March, and students can find further details and apply at www.nottingham.ac.uk/suttontrust

Following two years of online summer school delivery, we are looking forward to a return to our usual residential format for the programme. We will, of course, keep the pandemic circumstances under review and adapt the plans should safety be an issue.
