Get a taste of student life at The London Institute of Banking & Finance

Do you feel unsure about going to university, or what you're going to do when you get there?

Every August, we host a three-day Summer University, where students just like you get together to experience academic university life in the heart of London's thriving financial district. It's a great chance to meet other students, who you may be studying alongside in the future, as well as:

- exploring the career paths the financial services sector has to offer
- touring London's financial district, one of the top global financial hubs
- getting an insider view from an expert panel discussion and Q&A and so much more!

The London Institute of Banking and Finance is not your average university. We're small and specialised and, thanks to our focus on careers and employability in all degree programmes, we're ranked first in the UK for full-time employment. We also regularly run REACH events for mature, ethnically diverse and female students with the aim of making the finance sector more inclusive and representative of our society.
