## Criminal Investigation Day

Tuesday 25 October, 10am-2pm

At our **Criminal Investigation Day** you'll find out what a lawyer, criminologist, forensic police officer or judge does and how each role interrelates with each other. At this October's event we will discuss the Tony Martin Case, the shooting of a burglar at a Norfolk farmer's home and consider the role of legal professionals in the fight for a fair justice system.

## Real World Lecture

Is prison an effective form of punishment?

Wednesday 26 October, 4-5pm (online)

Have you ever wondered what a prison sentence might consist of and if prison is effective as a punishment for crimes? At our next Real World Lecture, hear from our expert tutor and learn about the history of prison, how it has expanded to the mass imprisonment we see today and what a typical day for a prisoner might look like.

This event is part of the Real World lecture series where you can have your say on the Real World questions being asked in Business, Law and Psychology today. If you are interested in studying these subjects and careers in these areas, these events are for you!

## November 6th NHS Virtual Work Experience

Another LIVE work experience day is taking place on Sunday, 6 November 2022.

With the UCAS deadline for NHS Health Careers in January, students considering a career in healthcare need to gain as much work experience as possible. We strongly encourage all students (including those who attended October's session) to register. No two work experience days are the same.

Students can register for November's session using the link below: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

This programme is suitable for students in years 10/S3/NI11 - 13/S6/NI14 who are interested in the following careers:

- Nursing
- Midwifery
- Paramedicine
- Physiotherapy
- Occupational Therapy
- Dietetics
- Radiography
- Prosthetics and Orthotics
- Speech and Language Therapy
- Pharmacy

Once you've registered, students will be emailed links to your virtual work experience portals.

Students are awarded a Work Experience Certificate for every session they complete. Those who complete the full 5-month programme will be awarded a Highly Commended Reference from the Presidents of Allied Healthcare Mentor. These are fantastic additions to their CVs and UCAS applications!

During the work experience day, students will follow 2 patients from their initial presentation to recovery. They will gain a unique insight into how patients interact with various healthcare professionals and what it's like to work in an NHS multidisciplinary team.

Attendees will have the opportunity to interact with healthcare professionals throughout each day. This will empower students to make informed career decisions and demonstrate their commitment to healthcare in their UCAS applications.

Students can register individually at any time throughout the 5-month programme using the link below. We recommend booking early to gain as much out of this programme as possible. Places are £10 a session to cover administrative and technological costs.

Registration Link: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>
