Medical Pathway Careers Event at DMU

We know that your students have been through a lot over the last few years and that motivating them to think about their futures is harder than ever. If you have groups of students that still haven't got UCAS over the line then our event is here to help!

Our Application Support Day is designed to help your students understand the opportunity that university provides and to equip them to put together a strong application that secures them the place that they deserve.

A choice of advice and guidance sessions will be available focusing on personal statements, portfolios, interviews and budgeting alongside a student led experience specific to their subject area of interest.

DMU staff and students will be on hand to support and for one to one chats if needed.

The event is on Friday 9 December and will run from 10am to 3pm.

Whilst this event is primarily aimed at students in year 13 it could also be used to begin to onboard your year 12's to all things university and UCAS. The event is open for large or small groups and students can also attend individually or with their friends and family via the link [HERE:https://preview-dmu.cloud.contentis.com/school-college-resources/ucas-application-support-day-9-december-individual.aspx](https://preview-dmu.cloud.contentis.com/school-college-resources/ucas-application-support-day-9-december-individual.aspx).

Any questions at all please do get in touch on 0116 257 7359 or studentadviser@dmu.ac.uk
