AcceleratedTM
Reader

Accelerated reader (AR) programme

We use the Accelerated reader programme to monitor our students' reading in KS3 at Bosworth Academy.

You will do a Star Reading test, online multiple choice reading test, 4x in a school year. This will tell us what approximate reading age you have and what reading level AR books you should be reading to make the most progress and improve your reading. Books within the school Library are marked with coloured dots/stars on the bottom of the spine, to show what AR level they are.

After you've read an AR book, you will take AR book quiz:

- **Log onto school website**
- **click on the Renaissance Place link (down the right hand side, under Literacy links)**
- **Your username is your initial and surname**
- **Your password is the normal password you use to log into the school website**
- **Once in, click on the orange icon that says Accelerated Reader**
- **Type in book title or book author or AR quiz number to find the book quiz**
- **Select how you read the book**
- **Click 'start quiz'**
