

28th April 2023

Weekly Newsletter for Parents & Students

## Welcome

Thank you to all parents for your support over the industrial action day this week. These are tough times and we realise the challenges that missing school places on children and families. On Thursday we were able to provide some good quality learning for our exam year students who have exams approaching. With an increase in the number of NEU staff on strike we were not able to widen provision to another year group in school. There is a second planned day of industrial action on **Tuesday 2nd May 2023**. Students in examination **Years 11, 12 and 13 must attend school as normal**. On **Tuesday 2nd May 2023** - students in **Years 7, 8, 9 and 10** will be **expected to learn from home**.

Resources will be available and shared on the Google Classroom. Thank you to students for engaging in this work and developing real independence. Vulnerable students and those who are entitled to free school meals will be contacted separately about the arrangements.

It was great today to recognise Stephen Lawrence Day, Hopeful Futures, which all LiFE Multi-Academy Schools engaged in. The day aims to commemorate the life and legacy of Stephen, collaborating closely with De Montfort University Stephen Lawrence Research Centre. We have a duty to ensure our students will contribute to a fairer and more equitable society. Being anti-racist, and by not accepting any form of prejudice or hostility is so important in our school and wider community. By wearing an item of orange we showed our support across the school and our student leaders led assemblies for each year group with confidence and true passion.

At the moment we are in the process of working with Roberts Travel Group to find out the home to school bus pass prices for next academic year. Due to higher costs for bus companies from driver and staff salaries, energy costs and high fuel prices we are expecting that passes will increase in price. As ever, we will subsidise the costs for children in receipt of free school meals. We fully understand that the cost of living increases are causing real hardship for many families and hope that we can work with Roberts to support where we can. Once the pricing is determined we will share this with parents/carers.

Showing others that you are an ally, that you care about their well-being and are committed to diversity, inclusion, equity and anti-racism is a good way to take action against racism and all forms of hate. As **Mahatma Ghandi** said back in 1925, **"Our ability to reach unity in diversity will be the beauty and the test of our civilization."** Nearly a hundred years later we still have many challenges to remove all prejudices. Let's all encourage our children to help cultivate our vision for a diverse and inclusive community.

Have a good early May bank holiday,

**Mr Brown,**  
Headteacher

# Stephen Lawrence Week

Stephen's story is both challenging and inspirational. He was a normal young person who made the most of everyday opportunities. Although his life was short, Stephen provides a positive role model of a life well lived.

Stephen Lawrence was born and grew up in south-east London. Like most young people, he juggled an active social life, school work, family commitments, and part-time employment. But he also had ambitions to use

his talent for Maths, Art, and Design to become an architect, and wanted to have a positive impact on his community.

Tragically, his dream of becoming an architect was never realised. On 22 April 1993, at the age of just 18, Stephen was murdered in an unprovoked racist attack. He didn't know his killers and his killers didn't know him.

After the initial police investigation, five suspects were arrested but not convicted. A public inquiry into the handling of Stephen's case was held in 1998, leading to the publication of the Macpherson Report, which has been called 'one of the most important moments in the modern history of criminal justice in Britain'.

It led to profound cultural changes in attitudes to racism, to the law and to police practice. It also paved the way for a greater understanding of discrimination of all forms and new equalities legislation.'

Stephen Lawrence Day is celebrated annually on 22nd April, with a variety of events happening across the country. Stephen Lawrence Day is an opportunity for everyone to come together and honour Stephen's life and legacy, stand up against discrimination in our daily lives, and work

towards a more hopeful tomorrow. Bosworth Academy has chosen to remember Stephen over the course of a

week in a variety of different activities in school. We have been running a student led assembly all week to all year groups. This assembly was designed by our Stephen Lawrence ambassadors in school and had an important message in reminding students that we can all take our part in being anti-racist. If students witness or experience any discrimination, there are procedures in place to make sure that when they report these incidents they are dealt with efficiently. It is important that students work together in reporting these incidents so we can support any students who may be involved.

We have also had a Tutor Intervention session on Friday 28th April where we have explored Stephen's story further and actually what a hate incident is. We have then discussed in KS4/KS5 if Stephen's case has changed anything in Britain from 1993 - 2023 in regards to the police failings/ racially motivated incidents. In KS3, we have written a code of conduct in our tutor groups around hate incidents and how we should all be conducting ourselves.

Finally on Friday 28th April, we wore an item of Orange which was Stephen's favourite colour. We do this to remember Stephen, remember his legacy and see that we are the change that we want to see in this world. We do this to make sure that the next 30 years are different from the last.  
**Mrs Moran**

## Real Life Genius Hour

Over the last two years, lots of our Real LiFE Curriculum students have achieved amazing things through the personal enrichment goals that they are able to set themselves during CREW time.

A recent example of this was with a group of students in 8GWR who are currently working with engineers at Caterpillar to create a physical version of a reaction game that they developed during CREW. We have also seen many other fabulous examples of our students using the personal goals in CREW to be leaders of their own personal development, such as taking their first steps to learn new languages, researching areas of interest to create and delivering 'master class' presentations and developing their entries for national educational competitions. The wonderful progress these students have been making mirrors the findings of research that informed the development of the Real LiFE Curriculum, in that good goal setters develop better problem solving skills and higher levels of student agency.

To build on this success and to encourage our students to be as ambitious as possible with their personal goals, our CREW leaders now dedicate one CREW lesson per week which is now called "Genius Hour". Schools around the world have been using this concept for a number of years really successfully and we know that we are in a position to do the same at Bosworth. To help coach our students through the goal setting process our CREW leaders share a Personalised Learning Menu which is full of ideas and guidance and they monitor the goals that our students set through the weekly goal setting assignments on Google Classroom. Currently the Real LiFE Curriculum is being delivered to students in 7ECK, 7LMA, 7MEM and 8GWR, but we are already starting to utilise some of its key teaching and learning strategies with classes across the school as we continue to deliver our aim of building student agency to prepare our students to thrive both now and in the future!

**Mr Hall and Mrs Wright**

## New Uniform Provider

We have recently changed our school uniform supplier to [School Wear Solutions](#). They will provide uniforms for both Key Stage Three and Key Stage Four students. We hope that the change in supplier will mean an improved service for parents. The added benefit of our new supplier is that in addition to items being available from their website they do have a physical shop where they keep a stock of our uniform. The shop is in Oadby at 64 London Road, LE2 5DH.

For our prospective parents who will be joining us in August we will still have a uniform trying on session at our parent information evening in June.  
**Mr Moore, Assistant Headteacher**

## Uniform Expectations

This year we have worked really hard to improve our uniform standards, it is really nice to see our students looking so smart. A minority of students have continued to wear a hoodie or tracksuit top which must not be worn in school. We are not prepared to continually ask students to follow our uniform code. Any student wearing a hoodie or tracksuit top in school will have this item confiscated for return at the end of the week. Repeat offenders will have their hoodies and tracksuit tops confiscated until their parents collect them. Please can you discuss this and remind your child. Your support is very much appreciated.

## Front of School Access

At the front of the school we have a number of disabled bays for those with blue badges to park their vehicle.

We ask that those without blue badges do not park in these designated bays - we have separate bays for pickup/drop off and for visitors for you to use.

The school buses leave the site at approximately 3.20PM and by 3.25PM the bus park area will be clear for you to pick up your child at this time. The Compass Library will be open for students to complete homework or reading whilst they wait.

[Back to Contents](#)

## Sports Day 2023

We are excited to inform you about the annual Bosworth Academy Sports Day. It is always an important event in the Summer Term calendar, which is an inclusive event offering a variety of activities to suit students of all abilities and interests. We believe

it is an opportunity for all students to have a personal best aspirational attitude, demonstrate important social skills as well as show courage. All of these values are part of the 6C framework that we buy into at Bosworth both in and out of the classroom.

As in previous years we will be holding the **Sports Day at Saffron Lane Athletics Stadium** during school time on **Monday 10 July**. All students will represent their tutor group in a variety of events, such as traditional athletics events, as well as non traditional events, such as tug of war, welly wanging and other challenges. Awards will be presented for, not only the most successful tutor group in the events, but also to individuals who demonstrate many of the 6Cs (character, collaboration, creativity, citizenship, communication, critical thinking). New for this year there will also be quizzes and journalism tasks to take part in for additional points in the build up to the day.

The Sports Day will always be part of the school calendar but in order that students can experience it in a stadium, rather than on our school field, we are **asking parents and carers to make a contribution of £5**. This will allow us to hire the buses and the state of the art facilities. Payment for this can be made on Squid by Friday 30th June. If you have any issues in accessing Squid then please contact the office on [office@bosworthacademy.org.uk](mailto:office@bosworthacademy.org.uk).

Many of our current and ex-students tell us Sports Day features as one of their favourite memories of their time at Bosworth and we look forward to creating an event that will help produce new positive memories. Highlights from last year's Sports Day can be found by scanning the QR code.

**Mr Grest,**  
Assistant Headteacher

## Sports Day Sponsorship

We are pleased to announce that we have our first Sports Day sponsor with **Smallman and Son Limited** agreeing to sponsor the day. Other sponsorship opportunities are still available.

**smallman&son**  
commercial building contractors

At Bosworth Academy we run an annual Sports Day for all students in Year 7-10 which is around 1000 students. We run a mixture of traditional and non-traditional events and host the day at Saffron Lane Athletics Track in Leicester. We believe that giving students the opportunity to compete in a high quality environment really adds to the day and is an unforgettable experience for all involved. Year on year the cost of the event increases so this year, to help fund the event, we are asking companies if they wish to sponsor the event alongside fund-raising activities led by each tutor group as well as asking for contributions from parents.

Please get in touch if you would like to sponsor this event to help with the costs and ensure that we can continue to give our students this experience. Your company's name will be shared on our social media channels and also in our 'In the Loop' newsletter and via communication with parents regarding the event. These are suggestions and can be discussed or adapted:

- £250 - Sponsorship of the transport
- £100 - Sponsorship of the stand
- £25 - Sponsorship of an event

If interested then please contact Liam Grest ([liamg36@bosworthacademy.org.uk](mailto:liamg36@bosworthacademy.org.uk)) to discuss how you can support this.

**Mr Grest, Assistant Headteacher** [Back to Contents](#)

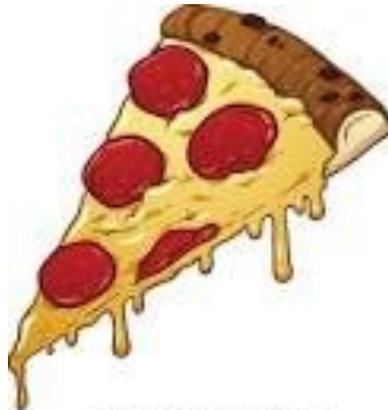

## Revision Masterclass

Our afterschool Year 11 revision masterclasses continue next week with a session dedicated to English.

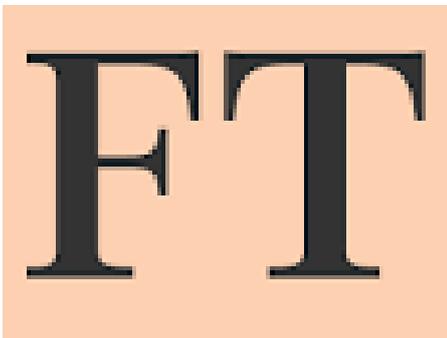

The English Masterclass will look at Unseen Poetry and will be on Wednesday 3 May in MFL 5&6. The session will begin at 3.15PM and free pizzas are on offer to all who attend!

A full timetable of classes can be found [here](#).

## Capture Video

A recently published video by Financial Times Films gives an important insight to the impact of social media on our children and our family life.

The video is well worth a watch and in particular I encourage parents to watch. This video allows you to reflect and reconsider how

you talk to your children about their social media use. If you need any further support on this matter please do not hesitate to contact me:

[nwhitaker@bosworthacademy.org.uk](mailto:nwhitaker@bosworthacademy.org.uk)

You can find the video on YouTube by following the link below:

<https://www.youtube.com/watch?v=6UY2HOpuTlk>

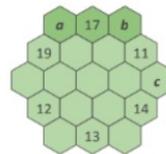

## Young Carers

If your child is a [young carer](#) please notify me by emailing [nwhitaker@bosworthacademy.org.uk](mailto:nwhitaker@bosworthacademy.org.uk)  
Mrs Whitaker, Senior Leader

## Maths Puzzle of the Week

Calling all Bosworth Mathematicians!

This week's Maths puzzle is here and anyone can enter. All you need to do is to write your solution and any working on a piece of paper and place it in the labelled blue boxes outside the Maths office with your name on or email a photo to [hbarrowcliffe@bosworthacademy.org.uk](mailto:hbarrowcliffe@bosworthacademy.org.uk). Below is the answer to last week's conundrum as well as this week's puzzle.

### The Outer Ring

To start, we know that hexagons  $a$  and  $b$  must sum to 21 as each row totals 38. As we are only using the numbers 1-19 and several numbers have already been used, there are only three possible combinations:

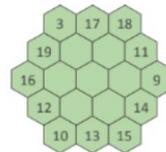

3 and 18	5 and 16	6 and 15
----------	----------	----------

One way of working out which combination is correct is to check which of those six numbers could be  $b$ . Considering that  $b$  and  $c$  must sum to 27:

- We can instantly rule out 3, 5 and 6 as they are too small.
- $b$  cannot equal 15, as then  $c$  would have to be 12 (which has already been used).
- $b$  cannot equal 16 as then  $c$  would have to be 13 (already used).

That means we now know  $b = 18$  and  $a = 3$ . From there it is straightforward to fill out the outside layer of the puzzle.

Remaining numbers: 1, 2, 4, 5, 6, 7, 8.

### The Inner Ring

One way to start the inner ring is to notice that hexagons  $e$  and  $f$  must sum to 14. This means they must be 8 and 6. However,  $e$  cannot be 8 as it would be too large for the row it shares with  $d$ .

That means we now know  $e = 6$  and  $f = 8$ . From there it is straightforward to fill out the rest of the puzzle. We can then see that the number in the red hexagon must be 2.

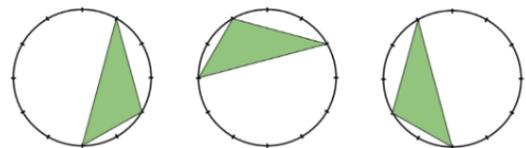

## Bosworth Maths Puzzle of the Week

Karin uses three points of a clock face to make different triangles.

She does not count the triangles as different if they are a rotation or a reflection of each other. The three triangles below are all the same.

How many different triangles can she make?

Extension: How many different quadrilaterals can she make?

## Clubs and Activities

At Bosworth Academy we have a range of clubs and activities during break times and lunch times where students can explore their interests.

From badminton to Dungeons and Dragons, science to chess - students can learn new skills and meet new friends.

The break and lunch time clubs and activities are

available to all students and a full time table can be found [here](#).

We look forward to seeing you!

## Year 11 Prom Fundraising

On the 28th of June our Year 11s will be attending Bosworth Academy's annual prom. In order for our prom to be a night to remember we're going to be running fundraisers such as bake sales, sport tournaments and a raffle. These fundraisers will help to provide decorations for prom as well as money for charity! One thing we would love to have at our prom is decorations including a balloon arch. So we need your help.

Our aim is to raise **£200** for decorations. For **every £1** you donate you could help us to buy 1 balloon for our arch and watch our balloon metre rise weekly! Help us build our balloon arch now! Also we would like to have decorations for our tables. **Every £3** you donate will help to buy us table decorations. All donations will help to provide our Year 11s with an unforgettable send off. You can donate via your child's Squid account. You can donate on Squid where there are different amounts you can donate. **£2, £3, £5, £10.**

We are also having a raffle - every tutor group has been challenged to create a hamper to be in the raffle. Every item that

students bring in they will get 10 credits towards their prom passport. If you would like to donate a raffle prize please send it into school.

Raffle tickets are available to buy on Squid at **£2** a strip.

Mrs Duncan, Head of Year 11

## Year 11 Leavers Hoodie

Don't miss your last chance to purchase a Class of 2023 Leavers' Hoody for your child who is currently in Year 11.

We are working with Loopwear, and are eagerly anticipating what are sure to be wonderful keepsakes to celebrate their time at the school. The Hoodies will have a large '23' print on the back, containing the names of all students in the Year Group and a nickname above the '23', and will also feature an embroidered logo on the front. The full colour range is available [HERE](#) on the online shop. The cost of the hoodie is £20.45. All of the students have the opportunity to purchase a hoodie. It is essential that their orders are placed in plenty of time so that they don't miss out. There will only be one order; students will not be able to place orders after **2nd May 2023**.

You must place an order before 2nd May 2023. I cannot stress this deadline enough, as we do not want anyone to be disappointed. The school will not be ordering any spare hoodies, so if your child later wishes they'd ordered one once they see everyone's leavers items, unfortunately it will be too late! So please don't miss out.

All orders will be delivered directly to school for you to collect. We will advise when this will be in due course.

Mrs Duncan, Head of Year 11

## Paracycling Bronze

Former student Morgan Newberry finished third in the Time Trial of Round One of the most recent Para Cycling World Cup Series.

Morgan was thrilled to take the bronze - her first international medal.

Well done Morgan!

[Back to Contents](#)

## EFL Referee Debut

Ruebyn Ricardo has been appointed as referee for the Crewe Alexandra v Swindon Town League Two game. This will be his EFL debut and is 10 years since his journey as a football referee

began in GCSE PE at Bosworth Academy. There is a great coincidence that he will be officiating at the same ground, Gresty Road, where fellow Bosworth Academy alumni, Jacob Lehane, made his debut as an assistant referee in the

Crewe Alexandra v

Grimsby Town fixture in February.

Ahead of the game, Ruebyn said:

“You only receive your FIRST game at a new level once, and it’s new emotions each time and it’s important to embrace those emotions. I can honestly say this is my proudest appointment in my refereeing career to date, I always dreamt about this day from the age of 15 and the fact it’s becoming a reality is a little surreal.

“It is more than just an appointment for me, it’s a highlight of the journey from when I first had a interest in refereeing 10 years ago at Bosworth and everything in between. The best thing about this week is receiving so many nice calls and messages from friends, family and colleagues and being able to share these great emotions with them.

“But business as usual, I have hit the reset button, preparation and focus ahead of Saturday as normal! I want to enjoy every single second of it from the drive to the stadium to celebrating afterwards.

“A special thank you to Mrs Croucher, Mr Grest and Mr Marsden (who also worked at Bosworth) for fully embracing this ‘dream’ as a Year 11 student. Thank you to Mrs Latkin also for being so supportive since I started working at Bosworth and of course thank you to all the students I have worked with past and present. I thank God also,” said Ruebyn.

We wish Ruebyn all the very best in the game and look forward to seeing his progress up the football league pyramid.

**Mr Grest, Curriculum Leader PE**

## Mrs Duncan Runs Marathon

On Sunday Mrs Duncan ran the London Marathon in aid of The Laura Centre.

“This was my fourth Marathon but I have not been able to train as I had before. My aim was to finish the race in 4.20-ish but to run the second half faster than the first. I realised half way that I could achieve a sub 4 if I picked up the pace and could hold it for the second half. I ended up running it in 3.59.32 and achieving my aim of running the second half faster.

“The crowds were amazing and kept me going throughout the whole race. I was running in aid of The Laura Centre, this is a Leicestershire charity which is set up to support children who have lost a parent or a parent who has lost a child.”

If you would like to donate to The Laura Centre then please do so by following the [link](#).

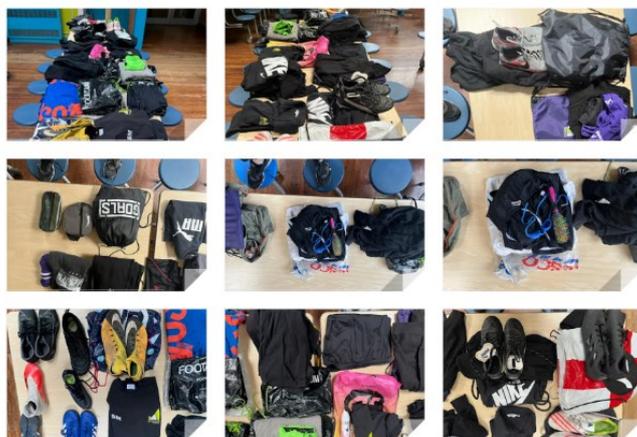

## PE Lost Property

Please have a look at the images below of current PE lost property and collect any items that you recognise from the PE office.

On the 9th May, we will add any leftover kit into the PE spare kit boxes.

If we find any kits with names in, we are able to return them to the owner. With this in mind, please add your child’s name onto the labels on their PE kit.

**PE department**

# The Compass

## Booktalking Sessions

This week we had lots of exciting new book recommendations for our KS3 students!

On Monday 24 April and Wednesday 26 April, we had booktalking sessions for our Year 7 and Year 8 students in our school library.

Booktalking sessions are aimed at enthusing our students about books they might not have come across before.

We welcomed three Librarians from Creative Learning Services (@MidlandsCLS <https://www.creativelearningservices.org.uk/about-us/>); Claire, Jo and Marissa, who delivered these sessions for us. They selected at least 10 new books to talk about to each group & read some extracts from them.

All booktalked books are available to borrow from the school library and many of the students present for the sessions have already taken advantage of this.

Our Year 7 students were set a challenge last week during their library lesson, to read three books over 10 weeks and one of these books needs to be from the booktalking session.

Mrs Griffiths, Librarian

## Book Recommendations

Our book recommendations this week focus on the [Yoto Carnegie Medal for Writing 2023 shortlist nominees](#).

We have a great selection of books across all genres and age groups in the Compass Library. Remember—book clubs for Years 7-9 are held every Friday at break time in the Compass.

### Key Stage Three

When Tom's mum and Zofia's dad announce they are having a baby and moving in together, the polar opposite children struggle to cope with the situation.

Tom is still quiet and timid, even though his dad has been gone for nearly two years now.

Zofia is the opposite. Inside her there's a raging storm that makes her want to fight the whole world until she gets what she wants.

And what she wants is for scaredy-cat Tom to get out of her life. Tom hates loud, unpredictable Zofia just as much, but he's moving into Zofia's house. Because his mum and Zofia's dad are in love... and they're having a baby.

Tom and Zofia both wish the stupid baby had never happened. But then Tom's mum gets ill, and it begins to look horribly like their wish might come true...

A story of learning to trust, trying to let go and diving into the unknown with hope in your heart.

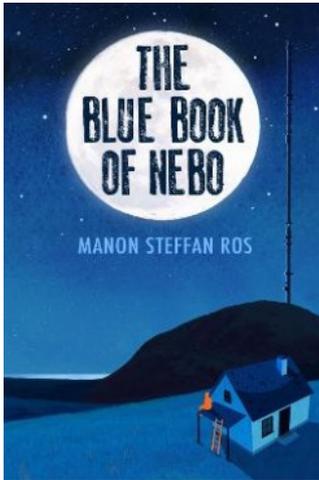

### Key Stage Four

When the electricity is switched off and life as we know it ends, Dylan and his mum must survive by reverting to old ways of living.

Dylan was six when The End came, back in 2018; when the electricity went off for good, and the 'normal' 21st century world he knew disappeared. Now he's 14 and he and his mum have survived in

[Back to Contents](#)

their isolated hilltop house above the village of Nebo in north-west Wales, learning new skills, and returning to old ways of living. Despite their close understanding, the relationship between mother and son changes subtly as Dylan must take on adult responsibilities. And they each have their own secrets, which emerge

as, in turn, they jot down their thoughts and memories in a found notebook - the Blue Book of Nebo.

## In the Loop Memories

We like to reflect on student achievements and activities by highlighting what happened In the Loop newsletter this time one year ago.

The **29 April 2022 edition** featured Bosworth Academy students taking part in a Paralympic Festival at Loughborough University where they were interviewed by the BBC.

Year 9 student, Ashden C, was shown judo moves by paralympian Dan Powell and told BBC East Midlands Today: "I found it really good. It's amazing. I was absolutely sweating after it but I've learnt so many new things."

Jacob H, a Year 10 student, also spoke with BBC Radio Leicester and described his first time trying out judo as "really fun and I would love to do it again at some point. I'm also looking forward to trying out wheelchair basketball as it allows people in a wheelchair to participate in a sport they may not have been able to do before."

## Dates For Your Diary

DATES	EVENT
Monday 1 May	Bank Holiday School closed
Monday 8 May	Coronation Bank Holiday School closed
Monday 15 May— Wednesday 28 June	Exam Season Y11,12 & 13
Monday 29 May — Friday 2 June	Summer Half Term School closed
Wednesday 14 June	Annie the Musical Y8 Nottingham trip
Thursday 15 June	Parents Evening Y7, 8, 9 & 10
Sunday 18 — Thursday 22 June	French trip Years 8, 9 & 10
Wednesday 28 June	Y11 Prom 7-10:30PM King Power Stadium
Monday 10 July	Sports Day Y7-10 Saffron Lane Stadium

Full term dates can be accessed [here](#).

## Year 13 Prom

Year 13 Prom for 2023 will be held at the City Rooms in Leicester on Tuesday 15 August from 7PM-12AM.

Celebrate your time at Bosworth Academy at this black tie event which includes a three course meal.

Tickets are £45 each with £10 going to charity. Book your place today on Squid.
