

Welcome

On Thursday, it was wonderful to celebrate Diwali with students and staff, many of whom wore cultural dress for the occasion. Diwali is special because it brings communities together, and our students enjoyed gathering for a school photo that showcased a beautiful array of colours. The festival symbolises the spiritual victory of light over darkness, good over evil, and knowledge over ignorance. Students eagerly shared their plans for worship and their family celebration arrangements. I'd like to

wish all families and our community a Happy Diwali!

What an incredible evening we had at our Post-16 Open Evening on Wednesday, filled with excitement as we welcomed many potential new Sixth Form students! Over three hundred enthusiastic attendees joined us for our presentations, where we proudly shared our vision for Sixth Form education and our unique values. A huge shout-out to our amazing students in Years 12 and 13, who shone as brilliant ambassadors for our school! Not only did they guide our visitors with expertise, but many also showcased their knowledge as subject specialists. The overwhelmingly positive feedback we received from our guests made us all beam with pride for our remarkable students!

To apply for a place in our Oaks Sixth Form, students should complete the application form on our website or use this [link](#). Year 11 tutors are available to assist with the application and personal statement. If you were unable to attend the information evening, students can reach out to their Head of Year, Mrs. Holdback (Head of Sixth Form), or any subject teacher for more information.

This week, we proudly celebrated our outstanding students from each key stage who achieved the highest reward points last half term! They were treated to a delightful Headteacher brunch with croissants and hot chocolate. It was a joy to hear about their successes and their love for learning. I'm sure their parents and carers are bursting with pride!

Next week sees the beginning of our Trial Examinations. Year 11 students need to carefully check their timetables, remember exam expectations and conduct, and continue their revision preparations. Do point them towards the [Student>Revision](#) page on our website for more support and revision checklists.

And finally, just as the light of Diwali dispels darkness, may your courage illuminate the path to your dreams. As you prepare for your exams, remember that the effort you put into your studies is like the light that chases away doubt and uncertainty. With each revision session, you are not just gaining knowledge, but building the confidence to achieve your goals. Embrace the challenges ahead, and let your determination guide you toward success.

Happy Diwali!

Mr Brown
Headteacher

Post 16 Open Evening

On Wednesday we welcomed prospective Year 12 students and their parents/carers from across Leicestershire to gain an insight into our Sixth Form at this year's Post 16 open evening.

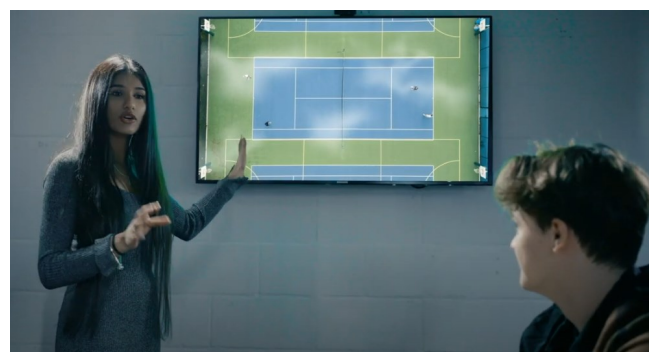

Our visitors were able to speak with existing Bosworth Academy Post 16 students along with teachers in departments across the Academy. In Biology visitors were able to see dissections of vital organs whilst a demonstration involving a Nerf gun in Physics illustrated how to split an atom. Throughout the evening presentations were given by Headteacher Mr Brown and Head of Sixth Form Mrs Holdback on how Bosworth Academy's Sixth Form will prepare students to succeed in the wider world with the development of global competencies along with academic success.

We thank all those who attended and we look forward to seeing you in the future.

The Oaks Sixth Form

Be better than you thought you could be at The Oaks Sixth Form at Bosworth Academy. The opportunities available to you will prepare you to thrive in a complex world. Choose The Oaks Sixth Form at Bosworth Academy today. See a day in the life of a sixth form student [here](#).

Maximising Potential

On Thursday our Year 13 students were given revision tips and advice in a special session run by Maximize Your Potential. Students learned about how they can get the 'edge' over other students across the country by using certain revision methods which will aid Year 13 students during their trial exams this month and throughout the year up to their final exams and beyond. We thank Jasper from Maximize Your Potential for holding such an important session.
Dr Stephenson, Head of Year 13

Happy Diwali

We would like to wish a very Happy Diwali to all our students, staff, and families celebrating this week. Diwali, the Festival of Lights, is a time for joy, reflection, and unity, celebrating the triumph of light over darkness and good over evil.

We are proud to see our students dressed in such beautiful traditional attire, showcasing the vibrant colours and rich cultural heritage of this special day. The joy and pride they bring to our school community truly highlight the spirit of Diwali, reminding us of the importance of coming together in celebration and respect for one another. As we admire the lights, rangolis, and decorations, let us remember that Diwali also symbolises hope and kindness. May this festival bring happiness, prosperity, and a renewed sense of peace to everyone in our community.

Wishing you all a wonderful Diwali!
Mr Khalid, Diversity Lead

Happy Diwali-Ween!

As October 31st rolls around, it isn't just the spooky season having everyone in a buzz. This year we also see the fabulous festival of light, Diwali, which falls at the same time and in this day and age it becomes even more spectacular and joyous every year with lots more of our community getting involved.

Many of us are familiar with the word Diwali, but what about the traditional festive activities and values it brings?

We celebrate the sound of laughter, the glow of positivity and the warmth of love in all sorts of creative ways, like colourful rangoli patterns to symbolise happiness and liveliness in households. Sweet treats, henna tattoos and the brightly coloured attire: they all encompass this exciting event. If that doesn't entice you, what about the fireworks that illuminate the sky with wonderfully wacky colours - definitely a showstopper to light up the evening!

Happy Diwali!

Alesha M, Year 9 student

Headteacher's Celebration

This week we rewarded the hard work and dedication shown by our students last half term with a Headteacher's Celebration.

Mr Brown was on hand to serve students hot chocolates and pastries to the top achievers in Years 7-11 who have received the most reward points in each Key Stage phase. Those in Post 16 were also rewarded for their contribution to Academy life.

Well done to all students and we look forward to the next celebration.

Year 11 and Post 16

During tutor time, students are receiving guidance about pathways they could choose after Year 11. They are also learning how to complete application forms. At Bosworth Academy, students will use an online application system called PS16; the application process is available to both parents and students online via the PS16 website:

<https://ps16.co.uk/>.

Students have been issued with a user name and temporary password to access this. Please discuss your child's options with them.

Students who are applying for a place to stay at Bosworth Academy Sixth Form need to apply for this via the PS16 website.

We will provide full guidance and support with this process, but we would like you to be aware that it is **the student's responsibility to fill in their application online for the Post 16 college or apprenticeship of their choice.** We advise students to apply to at least two colleges to keep their options open.

The deadline for students applying for Post 16 courses at Bosworth Academy is 15 December 2024. Apprenticeship deadlines vary depending on the provider. **Please note that providers are strict on their deadlines and will prioritise the students that apply on time first.**

I am sure that your son/daughter would welcome your advice and involvement in choosing their options at Post 16.

If you have any queries, please do not hesitate to contact us or your child's tutor at the Academy.

Mrs Delàge-Martin, PSHE and Careers Lead, Mrs Morar, Careers Coordinator and Advisor

Movember

This Friday sees the launch of our 2024 Movember campaign. Each year, as a school, we engage in the worldwide charity event and raise awareness and money into prostate cancer, testicular cancer, mental health and suicide awareness.

Throughout the month we invite all of our school community: staff, students, parents and friends to join the #TeamBosworth Movember group and pledge to 'Grow for Mo' or 'Move for Mo'. To grow simply grow a moustache and to move you pledge to move 60km across the month. Get involved if you wish and share your Movember page with family and friends to raise money. Please take some time to visit the Movember [website](#) for details on the great work that they do. In short, they were created in Australia by a few mates discussing why so many males die young. The charity's focus is to raise awareness of men's mental health, suicide awareness, testicular cancer and prostate cancer and they celebrated their 20th anniversary last year. We are asking all of the stakeholders of Bosworth Academy; staff, students, parents and friends to sign up to our #TeamBosworth Movember page (click [here](#) or scan the QR code below) and pledge to help us raise awareness and funds for this great charity.

Throughout the month you can choose the **'grow'** or **'move'** for Movember. To 'grow' you need to be clean shaven on the 1st November and grow a moustache throughout the month to showcase on the 30th. When asked why - share the goals of the charity. To 'move' you pledge to move 60km across the month by walking, running, cycling, paddleboarding - choose your method. The reason for the 60km is linked to the 60 males who die by suicide each hour globally. We also have

100 pin badges, available to purchase on Squid and collected from Main Reception. Please come and join us on this Bosworth Academy community project. If you can't join in then please donate to help us hit our fundraising target.

The topics of this event are deeply upsetting but ones we have to address as a school. If you have any concerns regarding your mental health then please see the [wellbeing support](#) on our Academy's website.

School Pickup

Thank you for your ongoing cooperation as we continue to improve the pick-up process and alleviate traffic congestion around the school. We would like to take this opportunity to reiterate some key points to ensure a smoother, safer experience for all.

Firstly, we kindly remind you to plan your pick-up for after 15:20, once the school buses have departed. This not only reduces congestion but can also significantly shorten your waiting time. Both the top and bottom gates are available for pick-up, so please use either to help distribute traffic more evenly and relieve pressure on surrounding roads. Please note that staff will temporarily hold cars to allow the safe departure of buses, and we ask for your patience and respect during this process.

We would also like to stress the importance of respecting local residents. Please avoid blocking driveways or parking in front of homes, as this can cause unnecessary inconvenience and frustration. In addition, we kindly ask that you do not stop in the school's entrance or exit zones, which must remain clear for the safe and efficient flow of traffic.

Finally, we are working closely with police to address inappropriate driving behaviour near the school. The safety of our students and the local community is our top priority, and we are taking proactive measures to ensure that all drivers follow safe and courteous road practices. Thank you once again for your continued support and understanding.

Mr Dolinski, Deputy Headteacher

Real LiFE Curriculum

We were delighted to be featured in this [blog](#) by Apps For Good discussing the collaborative work we have been doing with them for our Real LiFE Curriculum.

Apps for Good

As Apps For Good states, “Real LiFE Curriculum aims to give students the knowledge, skills and values they will need to thrive in a modern world. The curriculum makes learning relevant and more engaging by bringing topics to life.” Computer Science teacher, Mr Khalid, shared with Apps For Good that “the resources and the things that we need are already done for us...that helps a teacher delivering a lesson and planning. “Students love it because they create an idea and it actually works, and they get feedback, so that engages them really well”, said Mr Khalid. Year 7 students discussed with Apps For Good that they enjoy coding as it is “a lot of fun” and that they enjoyed seeing their apps brought to life with working buttons and functionality. They also felt they had developed their coding skills and enhanced their team working skills through the course. We thank Apps For Good for the continuing collaboration where our Real LiFE Curriculum prepares students for the wider world.

Trial Exam Revision

Students in Years 11 and 13 will be starting their trial exams after the first week back from half term. Teachers have ensured that all students have plenty to revise and for Year 11 this will be on Satchel One. Please see this [document](#) which outlines what students need to revise to be successful so that you can support them in this.

Miss Baxter, Deputy Headteacher

Mathematical Olympiad

The maths department are celebrating more success in the UKMT maths challenges, this time in the Mathematical Olympiad for Girls that took place at the end of September.

This challenge is aimed at the most able girls at Post 16 and this year, Freya H, Freya, M, Grace T and Charlotte S from Year 13 all took on the challenge of completing 5 questions over 2 hours 30 minutes.

All the girls achieved a great score but special mention to Freya M and Charlotte who both achieved a merit and Grace who gained a distinction. A huge well done to everyone. It is wonderful to see all our top female mathematicians performing so well and also all applying for a maths or maths related course at university.

If you would like to test your skills at one of these challenging questions, here is a sample:

Question

In Figure 2 below, each of the five circles A, B, C, D, E is to be coloured so that adjacent circles are different colours.

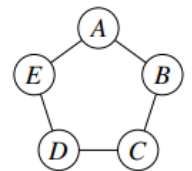

Figure 2

(a) In this part, circle A is to be coloured red and circle B yellow.

(i) Copy the diagram and show one possible way to colour the circles using colours red, yellow and green. Write 'R', 'Y' or 'G' in each circle to indicate its colour.

(ii) Explain why it is not possible to colour all five circles using only red and yellow. You should use labels A, B, C, D, E to refer to the circles.

(b) In this part, the colours to be used are purple, orange and white. How many different ways are there to colour the circles using these three colours, so that adjacent circles are different colours?

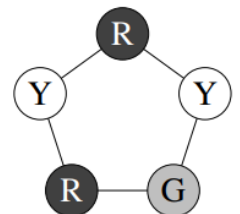

Answers

a) (i) e.g.

(ii) We already know that circle A is red and circle B yellow. This means that circle C has to be red, circle D yellow and circle E red.

However, that makes E the same colour as A, so it is not possible to colour the circles using only those two colours.

b) 30 ways

Maths Puzzle of the Week

Last week's puzzle: Value of the pictures

				14
				
				
				10
	4	2		

 = 3

 = 5

 = -3

 = -5

The direction means whether it is positive or negative.
The sum of all the pictures is 0.

This week's puzzle:

We are having a fireworks display and there are 4 types of firework—each has a different number of star. To make the best display for our party we want there to be 12 stars in the sky at once.

Which fireworks can I use?

FSM Support

Students who receive Free School Meals can be supported in a number of ways, which may include a contribution towards the cost of uniforms, equipment and trips. If you believe that your children may qualify for this support based on your income, you can apply by following these links:

Leicester City: <https://freeschoolmeals.leicester.gov.uk/>
Leicestershire (County): <https://www.leicestershire.gov.uk/education-and-children/social-care-and-supporting-families/free-school-meals/june/sign-up-now-for-holiday-scheme-for-children-on-free-school-meals/>

Pantry: We also have a supply of food in our pantry. Please email pantry@bosworthacademy.org.uk if you would like further details.

If you have further queries about Free School Meals and the support we offer, please contact the school.

Jane Manning Associate Senior Leader, Pupil Premium Coordinator
jmanning@bosworthacademy.org.uk

Proudly supported by  MCKS Charitable Foundation UK

Bosworth Academy School Pantry

We have a great resource at Bosworth Academy to support families in our community. If you ever find your family struggling to get basic cupboard and hygiene products you can access them through our school pantry.

If you would like to arrange a time to collect some items, please do not hesitate to email the link at the bottom of the page.

Items that you may find in the school pantry:

Pasta	Tinned fruit and vegetables	Shampoo & Conditioner
Rice	Soup	Shower gel
Jarred sauces	Sugar, tea and coffee	Sweet treats
Cereals	Tooth brushes	Sanitary products
Crisps	Toothpaste	

pantry@bosworthacademy.org.uk

Campfire Tales Competition

Can you create the most terrifying short story?

We're looking for the perfect tale to be read under the full moon on Halloween or around a campfire in a dark forest.

Put your short story into the entry box in the library by 4th November for your chance to win. Open to KS3 and KS4 - prizes for both. Any questions - please ask Mrs Cooper or Mrs Griffiths

What Parents & Educators Need to Know about

FORTNITE

WHAT ARE THE RISKS?

Fortnite was launched back in 2017, but it remains massively popular – with more than 650 million active players. That's partially due to the competitive nature of its player-vs-player combat, its pop culture crossovers and its constantly shifting map. Significant updates are rolled out with each new version of the game – known as 'chapters' – and within these sit shorter 'seasons'.

ALWAYS ONLINE

There's no single-player offline mode in Fortnite. It can only be played online. Internet access can sometimes be an issue when you're out and about (both in terms of connectivity and using up data), so you may find that dedicated young Fortnite players are often less enthusiastic about trips away – such as days out and holidays – than you might expect.

IN-GAME COSTS

Fortnite is free to download and play, but it does offer various additional purchases – cosmetic 'skins', music tracks and LEGO items – which don't really impact on gameplay but can cost a significant amount. These items are bought with in-game currency, V-Bucks – earned through completing the Battle Pass (which also costs V-Bucks) and can also be purchased from the game's store for real money.

POP CULTURE REFERENCES

Part of Fortnite's appeal is its engaging crossovers with other popular franchises, ranging from movies and TV shows like Family Guy and Avatar: The Last Airbender to comic book characters including Batman to other games such as Street Fighter. This means you could have children asking questions about the monster from Alien or Derolt from The Witcher a little sooner than you otherwise might have.

CROSSPLAY AND PARTY CHAT

Fortnite is popular with many gamers of various ages. 'Crossplay' lets friends play with each other, regardless of whether they're on an Xbox, PlayStation, Nintendo Switch or PC – while the 'party chat' feature allows them to talk to each other during the game. This can, however, put youngsters at risk of hearing inappropriate language from older players in the heat of virtual combat.

VIRTUAL VIOLENCE

At its core, there's no avoiding that Fortnite is about shooting other players to eliminate them from the contest. That said, there's no blood or gore. The violence is rendered in a cartoonish style, and there are frequent comical touches to lighten the mood, such as falling mini-games and dancing emotes. Moreover, guns, magazines and other weapons often look and behave unrealistically, however, so discretion is advised.

FREQUENT UPDATES

The game's developers release content in 'seasons' that usually run for around ten weeks. Each fresh update sees items added to the in-game store, changes to the environment's map and a different over-arching theme (such as 'medieval', 'pirates' or 'party'). These regular renewals help to hold players' interest – but also give young gamers plenty of reasons to keep coming back.

Advice for Parents & Educators

MATCH GAMING TIMES

Younger players tend to play Fortnite with their friends. With that in mind, it could be worth speaking to the parents and carers of a child's social group and coordinating their gaming around certain times of day. Safety in numbers is obviously a factor here, but it will also help children feel that they're getting adequate opportunities to socialise with their friends online.

SET SPENDING LIMITS

Fortnite's rotating store is a not-so-subtle mechanism for coaxing players into buying sought-after items before they disappear for weeks or months. This could lead to surprise transactions on bank cards if children are lured into an impulse purchase. Parents could consider getting a prepaid card for the child or ensuring that purchases require adult authorisation. This can be done through parental settings on a console or account settings in the Epic Games app on PC.

USE UPDATES AS REWARDS

Fortnite's seasonal updates are free, but each also brings the option of a 'battle pass', unlocking exclusive rewards for playing the game and completing set challenges. The passes cost around £8 and are also available as part of larger bundles. The purchase of a pass can be an effective reward to encourage Fortnite fans for good behaviour or academic performance, or as an incentive for completing chores like tidying their room.

BE WARY OF SCAMS

The immense popularity of Fortnite with younger audiences – that are generally more trusting – means there's no shortage of scammers looking to fraudulently obtain passwords and other personal data through techniques like phishing. As the developers point out on many of Fortnite's loading screens, they never ask for a player's account password outside of the game, make sure any young player knows this.

ENJOY FORTNITE TOGETHER

Fortnite also offers split-screen gameplay, meaning that two people can play simultaneously on the same console or computer. This can be a good option for siblings or for when a child's friends visit, but it also offers an opportunity for parents and carers to do something fun with their child, while also making sure they're playing the game safely. Who knows? You might even teach them a thing or two!

Meet Our Expert

Lloyd Coombes is Editor in Chief of gaming and esports site GGRecon and has worked in the gaming media for around four years. A long-time gamer, he is also a parent and therefore a keen advocate of online safety. Writing mainly about tech and fitness, his articles have been published on influential sites including IGN and TechRadar.

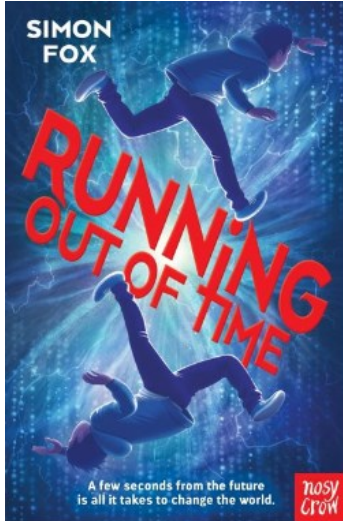

If you or your child are gamers there's a decent chance you've heard of Fortnite already. It's a free-to-play 'battle royale' title that pits up to 100 players against each other in a fight to be the last one standing. With an average of 1.1 million people logging into Fortnite each day, plenty of players meet on this game for what will hopefully be a good-natured competition. However, Fortnite isn't without its own hazards to plenty of users – especially young gamers. This guide on the extremely popular title, gives you expert advice on both the risks associated with the game and how to keep children and young people safe as they go for that Victory Royale! Listen to the guide's podcast [here](#).

The Compass

Book Recommendations

Key Stage Three

I can steal time. The most I can take at the moment is fifteen seconds, which is not a lot. Grandmother took almost three minutes once and she told me she's done more, but I never saw it. She says there are stories of someone who can take all the time in the world, but how can that be right?

When Alex's dad is caught stealing secrets from their country's brutal government, they are both forced into a deadly escape across Europe. But after they are separated before they can reach safety, Alex finds himself alone, with only his extraordinary gift to keep him alive. This fast paced sci-fi story highlights the dangerous reality of being a refugee in the hands of people smugglers.

Key Stage Four

Sadie doesn't have to hold back in her email drafts because nobody will ever read them...that is, until someone sends them out. Seventeen-year-old Sadie Wen is perfect on paper. It's a reputation she's fought hard to earn at the highly prestigious Woodvale Academy, and one she's determined to maintain until graduation.

The trick to keeping her model-student-smile

plastered on her face at all times? She channels all her petty frustrations into her email drafts. One for the math teacher who refused to round her eighty-nine-point-nine percent up to ninety; one for the girl who blatantly copied her science project and took the credit for it. But most of her vehemently-worded emails are for her smug, infuriating co-captain, Julius Gong, who's been the sharpest thorn in her side ever since they were kids. Sadie never meant for these emails to get out...but now her whole life is about to change...

This is a story full of romance and rivalry with a female protagonist who desperately wants to please everyone.

Poppies on Sale

As the national day of Remembrance approaches you can show your support to those who have served by buying a poppy. We are supporting the national poppy appeal by having a range of poppies for you to purchase from Main Reception or the Laureates.

We ask for a small donation, paid in cash, with all proceeds going to the Royal British Legion.

Cansat Competition

CANSAT COMPETITION

We're a team of 6 post-16 students entering the ESA Cansat Competition, where we have to design, manufacture and then launch a can-sized satellite to the height of 400m and collect scientific data on its way down. In order to fund this project, we have set up a go-fund me, (can be found on the QR code) where we will print names, or a small message for donors. More information is on our go-fund me page.
