IYC Hub

What the IYC Hub Offers

The InspireYouth Collective CIC is driven by the mission to empower young minds and build bright futures through a supportive and inclusive community hub. At the IYC Hub, we aim to address key challenges faced by young people and families, such as mental health, skill development, and social isolation, while fostering creativity, resilience, and a sense of belonging. Here's how we're making a difference:

Workshops & Activities

Our hub provides a diverse range of skill-building workshops, including photography, creative writing, digital art, and more. These workshops are designed to inspire creativity, enhance practical skills, and promote confidence in young people, equipping them for future success.

Mental Health Support

A dedicated counseling room offers professional mental health support for young people, providing a safe and confidential space to talk. We aim to reduce stigma around mental health, encourage open conversations, and ensure that young people have the tools they need to thrive emotionally.

Pop-Up Café

Our pop-up café serves affordable or free meals in a warm and welcoming environment. By addressing food insecurity and creating a space for connection, we're helping to ensure that everyone has access to nutritious meals while fostering a sense of community.

Community Support Saturdays

These events feature a community fridge and clothing bank, offering essential resources to families in need. This initiative is part of our commitment to supporting local families, reducing waste, and building a stronger, more compassionate community.

Teen Makers Market

We empower young entrepreneurs through the Teen Makers Market, where they can create, market, and sell their own products. This initiative builds business skills, confidence, and creativity while fostering a sense of achievement and self-reliance.

Urban Innovators Project

The Urban Innovators Project inspires teens to reimagine and contribute to improving urban spaces. This program encourages critical thinking, teamwork, and active citizenship, helping young people see their potential to make a positive impact on their surroundings.

Function Room Hire

Our versatile function room is available for community groups and extracurricular activities. It also hosts workshops, classes, and events that align with our mission of empowerment, inclusivity, and skill development.

Our Core Values

Through these initiatives, the InspireYouth Collective CIC remains steadfast in its commitment to:

Empowerment: Encouraging independence and confidence.

Community: Strengthening local connections and support networks.

Inclusivity: Ensuring everyone feels welcome and valued.

Well-being: Prioritizing mental, physical, and emotional health.

Sustainability: Committing to long-term success and community investment.

Together, these offerings ensure that the IYC Hub is not just a space—it's a foundation for brighter futures.

If your students didn't get a chance to join us, don't worry — more opportunities are coming in the new year. **Be sure to advise students to register on our website to reserve their place at future events:**

The Roundhouse Open Evening – 13/02/2025

perfectly timed during National Apprenticeship

Week! This open evening will also include talks about

finding and securing apprenticeship opportunities, and there will be a variety of prospective employers available to talk to.

Broomfield Hall Open Evening – 26/02/2025

Students must register for the events they want to attend and bring along their QR code to the event. Failure to do so may result in them being turned away on the day!

Year 10-13 Virtual Work Experiences.

The Medical Schools Council acknowledges virtual work experience as an equal alternative to in-person shadowing based on a discovery report conducted by Health Education England. I encourage students

aged 14 and over, interested in medicine to participate in our FREE National NHS Virtual Work Experience programme. We are pleased to offer a variety of medical specialties, with a focus this month on palliative care. This enables your students to gain a well-rounded perspective of working within the NHS.

*Applications are now open for our hugely popular [Residential Insight into University Courses](#).

These are summer schools at various top Universities that run over 4 or 5 days where students get a taste of university life and an insight into a specific STEM subject. Students will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Students will stay in halls of residence and will take part in social activities in the evenings, so that they get the full university experience.

For Year 12 students / S6

Courses taking place June-Aug 25

Accreditation: Silver [Industrial Cadets Award](#)

*Applications are now open for our [YINI–Year in Industry Placement scheme](#)

An EDT placement will give students an opportunity to continue their STEM journey after leaving school or college and take a paid gap year to help inform and shape their future career choices. They will gain invaluable experience working in industry, develop their skills and knowledge, and boost their future employability. We have vacancies with companies across many areas of STEM from leading FTSE 100 companies to small innovative start-ups. EDT placements are accredited at Industrial Cadets Platinum level meaning that the student's experience during their year in industry is quality benchmarked and recognised industry-wide.

For Year 13 students /S6

Placements will start July/Aug 25

Accreditation: Platinum [Industrial Cadets Award](#)
