

National Storytelling Week

Challenge 1: Make your own Bedtime Stories Video.

Younger children could pick a storybook and tell us about what they can see happening in the illustrations.

Older children could pick a picture book for the younger children to listen to or read their favourite chapter from a book they love.

Challenge 2: Picture Challenge

Can you design a front and back cover for your favourite story. Don't forget the blurb on the back should give us a little summary of the story without spoiling the ending.

Younger children could draw their favourite story book character.
