MULTI-AGENCY EVENT!

WHAT DOES MULTI-AGENCY EVENT MEAN?

It means families get the chance to meet multiple different services 'in person' in one place and are able to put a 'face to a name/organisation.' Feedback from families who attend our support groups, where we regularly have guests join us have shown the value in the opportunity to meet professionals/team members from services in person.

If you are a family living in South Tyneside please come along, have a chat and learn more about what is on offer for families in your local area.
