

18.1.21

To compare settings

When we **compare** we are looking to see how something is the **same** and how it is **different**.

Compare the story setting of the original Hansel and Gretel to the African version of the story. What do you notice?

Write at least 1 sentence about what is the same and 1 sentence about what is different about the two pictures above. Try to use your senses (see, smell, hear, taste, feel) to help you.
