

# A Social Story: The Supermarket

The Supermarket is a large shop with lots of things to buy.

I shop at the Supermarket with my family.

**I always stay close to my family.**

**I only pick up things to buy when I am asked.**

I always ask: “Can I help?”

It is good to check whether I’m allowed to put things in the trolley.

There may be lots of people in the Supermarket.

I can say “Hello” as I walk past but only talk to people if my parents are there.

I never eat anything when we are shopping.

We must buy things first.

**We buy all the things on our shopping list.**

**I help to pack them when we have paid.**

## The Supermarket

The Supermarket is a large shop.

I go shopping with my family.

I stay close to my family and listen.

I ask if I can help and offer to put things in the trolley.

I can say “Hello” to people we pass.

I can help to load the shopping and pack the bags.
