

GESTALT LANGUAGE PROCESSING

WHAT IS GLP?

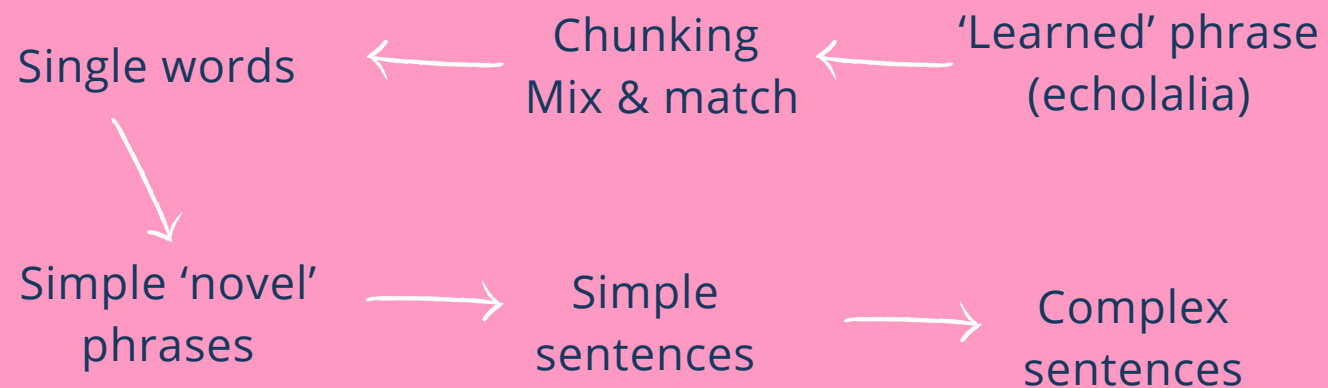

Gestalt Language Processing (GLP) is one of two ways in which we can develop language.

ANALYTIC PROCESSORS

GESTALT PROCESSORS

E.g.

ANALYTIC	GESTALT
"Milk"	"Milk is from cows"
"More milk"	"Milk is so good"
"Mama more milk"	"Milk"
"Mum, I'd like some more milk please"	"Milk and cookies are my favourite"

WHAT CAN YOU DO AT HOME?

- Acknowledge & accept all forms of communication.
- Enjoy, connect & speak naturally
- Be a detective- what do they mean?
- Comments > questions
- Follow their lead
