

Discovery Days and CPD

This year at **SEARCH** Education Trust we are offering eight Discovery Days at both our schools: Heartlands High School and The Grove.

The days are designed for teachers and support staff to come and discover effective practice at a secondary and special school. We also have three CPD sessions on the Spiral Curriculum aimed at primary leads for science, humanities and languages. Please read on for more details.

The Grove is a special school for 5-19 year old pupils serving Haringey and five other local authorities. It has grown annually since opening in 2018 and is over-subscribed. There are currently 125 pupils on roll, all of whom have an Education and Health Care Plan (EHCP) with a primary diagnosis of autism and a range of complex needs. We provide access to the semi-formal curriculum through to examination pathways at GCSE. The school holds **Autism Accreditation Advanced Status**.

We welcome visits throughout the year but also have these specific days to share good practice for children with autism and strategies for delivering and differentiating the curriculum.

Discovery Days

- Wednesday 23rd November
- Tuesday 28th, Wednesday 29th, Thursday 30th March
- Monday 26th June

Heartlands High School is an oversubscribed, non-selective secondary school for 11 to 16 year old students in Haringey, North London.

Over 50% of our students speak English as an additional language with a higher than average proportion of disadvantaged students, students who receive special educational needs support or who have an education, health and care plan (EHCP).

The Spiral Curriculum for Primary Teachers

These courses are aimed at primary leads and teachers to gain an understanding of how Science, Humanities and Languages are taught at secondary. We will focus on subject specialist knowledge of the curriculum as well as subject-specific pedagogy that can be equally effective in the primary classroom.

Discovery Days

- **Pastoral Support and Wellbeing**
- Thursday November 17th
- **Codifying Teaching and Learning and Incremental Coaching**
