

School Council visit to Toner Avenue

School council visited Toner Avenue School to look at their OPAL play scheme. We talked to the OPAL ambassadors and asked them lots of questions of their OPAL journey so far. We then had a look around their outside space to experience their environment.

We had a fantastic lunchtime. We have taken lots of ideas and inspiration from this and are ready to support Hebburn Lakes OPAL team to implement our first stage after Easter. The School Council will be OPAL ambassadors for the Summer term and will feedback good news,

change requests and new ideas from their friends. Watch this space!

Here are some of the photos taken.
